Environmental Assessment Act

ENVIRONMENTAL ASSESSMENT ACT SUBCLAUSE 14 (1) (b) (vii)

NOTICE OF EXTENSION OF APPROVALS

RE: Class Environmental Assessment (B1) — Expansion of an Existing Commuter Rail Station. EA File No. 2-79-0008-000
Class Environmental Assessment (B2) — Expansion of an Existing Commuter Bus Terminal. EA File No. 2-78-0007-000
Class Environmental Assessment (B3) — New Commuter Rail Station or Bus Terminal with Parking Facilities For Less Than 300 Automobiles. EA File No. 2-79-0009-000
Class Environmental Assessment (B4) — Expanded or Modified Storage and Maintenance Facilities or Yards for Commuter Bus and Rail Service. EA File No. 2-79-0010-000

Proponent: Toronto Area Transit Operating Authority (Go Transit)

Condition 11 of the approvals for the above undertakings which were approved on the 2nd day of April, 1981 and extended by notice on December 9, 1985 provides that the approvals shall terminate on the earlier of:

 a) the date on which approval of the undertaking under a new EA submitted pursuant to Condition 10 is received under the *Environmental* Assessment Act; or b) December 31st, 1986, or such later date as the Minister specifies by notice published in THE ONTARIO GAZETTE.

Whereas the approval referred to in clause (a) has not been issued, take notice that I am extending the approvals of the above undertakings for a period of up to one year so that Condition 11 will now provide that the approvals shall terminate on the earlier of:

- a) the date on which approval of the undertaking under a new EA submitted pursuant to Condition 10 is received under the *Environmental Assessment Act*; or
- b) December 31, 1987; or such later date as the Minister specifies by notice in writing to the proponent and published in THE ONTARIO GAZETTE.

These Class Environmental Assessments cover activities associated with the planning, property acquisition, design, construction, operation and maintenance of new or expanded commuter rail stations and bus terminals and expanded or modified storage and maintenance facilities or yards for commuter bus and rail service.

Dated the 10th of December, 1986 at Toronto.

THE HONOURABLE
JIM BRADLEY,
Minister of the Environment,

NOTES: Subsection 14(5) of the Act provides,

- (5) The attending physician shall not complete a certificate of involuntary admission or a certificate of renewal unless, after he has examined the patient, he is of the opinion both,
 - (a) that the patient is suffering from mental disorder of a nature or quality that likely will result in,
 - (i) serious bodily harm to the
 - patient,
 (ii) serious bodily harm to another person, or
 - person, or
 (iii) imminent and serious physical
 impairment of the patient,

unless the patient remains in the custody of a psychiatric facility; and

(b) that the patient is not suitable for admission or continuation as an informal or voluntary patient.

Subsections 8a(1), (2), (3), (4) and (5) of the Act provide,

- (1) A child who is twelve years of age or older but less than sixteen years of age, who is an informal patient in a psychiatric facility and who has not so applied within the preceding three months may apply in the prescribed form to the review board to inquire into whether the child needs observation, care and treatment in the psychiatric facility.
- (2) Upon the completion of six months after the later of the child's admission to the psychiatric facility as an informal patient or the child's last application under subsection (1), the child shall be deemed to have applied to the review board in the prescribed form pursuant to subsection (1).
- (3) In determining whether the child needs observation, care and treatment in the psychiatric facility, the review board shall consider,
 - (a) whether the child needs observation, care and treatment of a kind that the psychiatric facility can provide;
 - (b) whether the child's needs can be adequately met if the child is not an informal patient in the psychiatric facility;
 - (c) whether there is an available alternative to the psychiatric facility in which the child's needs could be more appropriately met;

- (d) the child's views and wishes, where they can be reasonably ascertained; and
- (e) any other matter that the review board considers relevant.
- (4) The review board by an order in writing may,
 - (a) direct that the child be discharged from the psychiatric facility; or
 - (b) confirm that the child may be continued as an informal patient in the psychiatric facility.
- (5) Nothing in this section prevents a physician from completing a certificate of involuntary admission in respect of the child.

Section 30a of the Act provides,

- (1) An attending physician who completes a certificate of involuntary admission or a certificate of renewal shall give or transmit a notice in writing of completion and filing of the certificate to the patient who is subject of the certificate and to the area director for the area, in accordance with the <u>Legal Aid Act</u>, in which the psychiatric facility is located.
- (la) A physician who determines that a patient is not mentally competent to consent to treatment, to examine a clinical record or to manage his estate shall give or transmit a notice in writing of that determination to the patient and to the area director, in accordance with the Legal Aid Act in which the psychiatric facility is located.
- (1b) The officer in charge shall give or transmit a notice in writing of the child's right to apply to the review board under section 8a of the Act to the child and to the area director for the area, in accordance with the <u>Legal Aid Act</u>, in which the psychiatric facility is located.
- (2) A notice under subsection (1), (1a) or (1b) shall inform the patient and the area director that the patient or any person on his behalf is entitled to a hearing by the review board if the patient or the person gives or transmits to the officer in charge or to the review board notice in writing requiring a hearing and the patient or the person may require such a hearing."

Subsection 33b(1) of the Act provides,

(1) A review board that receives notice in writing placing a matter before it for decision shall appoint a time and place for and hold a hearing. see

Schedule 15

Schedule of Benefits

PREAMRLE

A. General

1. The rates listed in this Schedule of Benefits are the maximum payments which can be made by the Ontario Health Insurance Plan.

2. Insured medical services are limited to the services which are medically necessary, which are listed in this Schedule of Benefits and which are not specifically excluded by legislation or regulation. (See Appendix for list of specific exclusions).

3. Additions, deletions or other modifications of the Schedule of Benefits require recommendation by the Ontario Health Insurance Plan. Such recommendations are made in consultation with the Ontario Medical Association.

4. This Schedule is a public document and frank discussion with patients regarding the listed rates is recommended.

5. Claims for services which are not listed in the Schedule or which are listed as N.A.B. (not a benefit) or which are excluded as benefits by legislation or regulation should not be submitted to the Plan. Such services may be charged directly to patients or others requesting them.

6. The principles governing proper professional charges are incorporated in the Regulations (Medicine) of the Health Disciplines Act.

7. Each physician who participates in the care of a patient is entitled to compensation commensurate with the services he/she renders

8. Whenever possible, the physician should acquaint the patient or person financially responsible with his obligations to those concerned with his care. This is particularly important where supportive or concurrent care is rendered or when a consultation and/or procedure are being arranged.

9. Each physician participating in the care of a patient should render to the patient, or to the financially responsible party, an itemized statement of charges for professional services.

10. Each physician participating in the care of a patient should, on request, send a receipt to the patient for all payments made by him/her.

11.If fees are collected by an organized group, the name of the physician rendering the service should be clearly shown on the bill or claim card.

12.Claims may be submitted for services which a patient receives from the team of staff physician, resident,

intern and clerk in a teaching unit, provided that the conditions as set out bereunder apply.

On October 10, 1972, the Minister of Health confirmed that the joint recommendations of the College and the 0.M.A. governing the charging of fees for services provided by interns and residents in clinical teaching units are acceptable to the Ministry of Health. In his letter the Minister made it very clear that he is looking to the College and the Medical Schools to ensure that the ethical rules governing these billing procedures are followed meticulously in all cases.

It has been carefully explained that the responsible staff physician must be present in the clinical teaching unit at the time the services are rendered and must be identified to the patient at the earliest possible moment. No fees are to be charged for services given by the intern or resident prior to this identification taking place. The following rules are now in effect:-

When patient care is rendered in a clinical teaching unit or other setting for clinical teaching by a health care team, the physician responsible shall be personally identified to the patient. His/her relationship to the team shall be defined by the clinical teaching unit Director and his/her role must be known to the patient and other members of the team. He/she shall assume full responsibility for the appropriateness and the quality of the services rendered.

Specific regulations must vary with the service and form of care being delivered:-

(a) In order to claim for physical procedures being carried out by an intern or resident, the responsible staff man must be in the clinical teaching unit and immediately available to intervene.

In psychotherapy where the presence of the staff physician would distort the psychotherapy milieu, it is appropriate for the staff physician to claim for psychotherapy when a record of the interview is carefully reviewed with the resident and the procedure thus supervised. However, the time charged by the staff physician may not exceed the total time spent by him/her in both such interview and in direct supervision.

(c) In other departments or services, the staff physician should only claim for visits on the days when actual supervision of that patient's care takes place through the presence of that staff physician in the clinical teaching unit on that day. This, of course, involves a physical visit to the patient and/or a chart review with detailed discussion with the other member(s) of the health team.

(d) In those situations where on a regular basis a staff member might supervise concurrently multiple procedures or services through the use of other members of the team, the total claims made by the staff physician shall not exceed the amount that the staff physician might make in the absence of the other members of the team.

Any claim rendered should be in the name of the responsible staff physician.

13. Charges for missed appointments are not benefits of OHIP.

PREAMRLE

Terms and Definitions: R

Call or Visit: is the service by a physician to a patient for assessment and/or treatment.

- (a) Consultation refers to the situation where a physician, in light of his/her professional knowledge of the patient, requests the opinion of another physician competent to give advice in this field, because of the patient, requests the opinion of another physician complexity, obscurity or seriousness of the case or because another opinion is requested by the patient or an authorized person acting on his/her behalf. The consultant is obliged to perform a general or specific assessment, review the laboratory or other data and submit his/her findings, opinions and recommendations in writing to the referring physician.
- If a consultant is requested by a physician on duty in the emergency department to see a patient in consultation, the former may charge a consultation fee for this service. If the consultant is requested to perform this same service by a resident or interm, the former may charge a general or specific assessment according to his/her specialty.

(c) Consultations required by hospital by-law and/or statute are not insured service except where contrary

indications are noted in this Schedule.

For laboratory and procedural benefits connected with consultations, see listings of Diagnostic and Therapeutic Procedures and Laboratory Medicine.

(e) A consultation is not to be claimed as such when:(i) The patient presents him/herself to a consultant's office without prior knowledge of the primary physician.

The sending of a report to the primary physician under these circumstances does not justify a consultation.

(ii) The primary physician is not asked for professional advice but is simply asked by the patient for

the name a specialist in a particular field and the patient seeks out the specialist him/herself.

(f) A repeat consultation requires all of the criteria of a full consultation and implies interval care by the primary physician. The situation in which the consultant requests the patient to return for a later examination is not a repeat consultation.

A limited consultation may involve all the components of a full consultation but is less demanding, and in terms of time, normally requires substantially less of the physician's time than the full

consultation.

- (h) A diagnostic radiology consultation applies when radiographs made elsewhere are referred to a radiologist for his/her written opinion or when a radiologist is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. A consultation does not apply when the radiographs referred to above are used for comparison purposes with radiographs made in the consultant's facilities.
- A diagnostic laboratory medicine consultation applies when tissue, slides, and/or specimens are referred to a second pathologist not in the same institution for a written opinion. It includes secretarial or other assistance but does not apply when the above are used for comparison with tissue, slides, materials or tests done in the consultant's facilities. When a diagnostic laboratory medicine consultation fee is claimed, surgical pathology fees may not also be claimed.

(j) A laboratory medicine consultation or repeat consultation applies when a laboratory medicine physician is

requested to examine a patient and provide a written opinion.

(k) A diagnostic nuclear medicine consultation applies when nuclear medicine studies are referred to a nuclear medicine specialist for a written opinion, or when the nuclear medicine physician is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a nuclear medicine procedure which eventually is not done. A consultation does not apply when procedures done elsewhere are used for comparison purposes with nuclear medicine studies made in the consultant's facilities.

(1) A nuclear medicine consultation or repeat consultation applies when a nuclear medicine specialist is requested to examine a patient and provide a written opinion, all of which takes a greater amount of time and effort than a nuclear medicine study would normally require. It may be done in conjunction with a nuclear medicine study but if so, the lesser professional fee (P_2) rather than the greater fee (P_1) should be claimed in addition to the technical fee (T).

Some nuclear medicine specialists have other specialist qualifications which allow them to claim another consultation (e.g. internal medicine). A nuclear medicine consultation or repeat consultation may be claimed in lieu of another consultation (e.g. internal medicine) but would not be combined with such a

consultation by the same consultant.

(n) A prenatal consultation by a paediatrician applies when a physician considers a foetus of greater than 20 weeks gestation to be at risk or in jeopardy by reason of continuation of pregnancy in the presence of maternal and/or foetal distress, and requests the opinion of a paediatrician competent to give advice in this field. The paediatrician shall perform a general or specific assessment, review laboratory and other data and submit his/her findings and recommendations in writing to the referring physician. Such a consultation does not preclude the paediatrician from a post-natal consultation on the infant.

(o) A special surgical consultation may apply when a surgeon provides all the components of a regular consultation but is required to spend at least fifty minutes with the patient (exclusive of any tests) in consultation because of the very complex, obscure or serious nature of the problem. The surgeon should

claim \$96.25 for special consultations on an I.C. basis (A935). See para 32 section B.

PREAMRLE

(p) An emergency physician consultation applies when a patient is referred by another physician (other than an E.R. physician) who has seen and examined the patient and requested the opinion of an emergency room physician because of the complexity, obscurity or seriousness of the case. The consultant shall perform the necessary assessment, review the laboratory, x-ray or other data and submit his/her findings, opinions and recommendations in writing to the referring physician. A copy of the E.R. chart does not constitute a consultation report. This consultation is not chargeable for the routine transfer of care to the E.R. nor for the provision of treatment for a previously diagnosed condition. It does not apply to patients who present themselves to the E.R. or are brought by people acting on their behalf. It is anticipated that these consultations will replace some of the consultations that would otherwise be provided by consultants in other branches of medicine. If the consultation leads to admission to hospital, no separate fee is chargeable for the admission assessment by the same physician. The consultation fee for a specialist in emergency medicine (F.R.C.P.) is \$53.20 (HO65); for all others, \$34.00 (HO65) (MO65).

Note: OHIP benefits for consultations normally are limited to one consultation per year, per patient, by any one physician. However, if the same patient is referred to the same consultant a second time within the year with a clearly defined unrelated diagnosis, one additional consultation may be claimed per year.

General Assessment: shall comprise a full history, an enquiry into, and an examination of all parts or systems
(and may include a detailed examination of one or more parts or systems), an appropriate record, and advice to
the patient.*

OHIP benefits for general assessments normally are limited to one per year per patient by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined new diagnosis, one additional general assessment may be claimed per year. In the case of a patient who proceeds normally to hospital, the admitting physician may claim one additional general assessment per year provided 90 days have elapsed since the last general assessment rendered (anywhere) to that patient by the admitting physician, lefthe patient doesn't qualify for a general assessment by the admitting physician, he/she may claim a general re-assessment.

3. General Re-Assessment: shall comprise the same services as a general assessment except that the history need not include all the detail already obtained in the original general assessment.*

OHIP benefits for general re-assessments, except for hospital admission re-assessments, are limited to two per year, per patient, by any one physician.

4. Specific Assessment: shall comprise a full history of the presenting complaint, enquiry concerning, and detailed examination of the affected part, region or system, as needed to make a diagnosis, and/or exclude disease and/or assess function, an appropriate record, and advice to the patient.* (This may vary among sections.)

Physicians qualified in two specialties (EENT for example) may only claim for one visit, e.g.: a consultation (if referred) or a specific assessment (if non-referred), if both systems are examined during the same visit. However, two consultations or two specific assessments, etc. may be claimed if both systems are examined, each on a separate visit.

OHIP benefits for specific assessments normally are limited to one per year, per patient, by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined new diagnosis, one additional specific assessment may be claimed per year.

- 5. Specific Re-Assessment: shall comprise a full relevant history and a comprehensive physical examination of one or more systems but not requiring an evaluation of the patient as a whole.* This service is the admission assessment when the patient has been seen prior to admission in the same illness. It is included in the surgical fee except for those procedures marked I.O.P.
- 6. Partial Assessment: shall comprise a history of the presenting complaint, the necessary physical examination, an appropriate record and advice to the patient. It also applies to subsequent visits for assessing the response to treatment and/or advice provided in a previous service.
- 7. Intermediate Assessment: is a primary care service for physicians providing general practice or paediatric services and is a more extensive assessment than a minor assessment. It shall comprise a history of the presenting complaint(s), enquiry concerning and examination of the affected part(s), region(s), or system(s) or mental or emotional disorder as needed to make a diagnosis, exclude disease and/or assess function, an appropriate record, and advice to the patient.*
- Multiple Systems Assessment: shall comprise a detailed history and examination of more than one system, part or region, an appropriate record and advice to the patient.
- Minor Assessment: is a visit which involves a direct doctor-patient interaction at which either or both of the following are provided and an appropriate record made of the visit:
 - (a) a brief assessment which includes the necessary history and examination of the affected part or region or mental or emotional disorder;
 - (b) brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.
- 10. Mini Assessment: applies when a physician examines and/or treats a patient for a completely unrelated problem in addition to the examination/treatment of a W.C.B. related problem (for which the W.C.B. will only pay a minor assessment) during the same office visit. The fee for the mini assessment is \$6.90 (A008).

^{*}For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

- 11. Re-Assessments (by physician on duty in the Emergency Department): one re-assessment may be charged when, at least two hours after the original assessment is completed (including appropriate investigation and necessary treatment), a subsequent assessment indicates that further provision of care and/or investigation is required and performed. Re-assessments are not to be claimed for discharge assessments nor when the patient is admitted by the physician on duty in the Emergency Department, nor when this assessment leads directly to referral for consultation.
- 12. Well Baby Care: the periodic visits of a well baby during the first two years of life involving complete examination with necessary weight and measurements and instructions to the parent(s) regarding health care.
- 13. Annual Health or Annual Physical Examinations (Including Primary and Secondary School Examinations): shall comprise all the elements of a general assessment as it pertains to an individual after the second birthday who presents and reveals no apparent physical or mental illness.

 OHIP benefits for any one physician are limited to one Annual Health Examination per patient per year after the second birthdate. To qualify, an Annual Health Examination normally must be requested by the patient rather than a third party. Regulation 452 of Revised Regulations of Ontario, 1980 under the Health Insurance Act, examinations for the purpose of "legal requirements or proceedings" are excluded from coverage. However, it is recognized that an annual Health Examination will satisfy some or all of the requirements for examinations required by statute but excluded by the above mentiond Regulation. In such instances and where a prior claim for an Annual Health Examination has not been submitted to the Plan in the previous twelve months for that patient, it would be appropriate to submit a claim to OHIP for this service. The OHIP benefit in these cases covers the Annual Health Examination only and not any charges peculiar to the legal requirements,
- 14. Long Term Institutional Care: includes the listings for consultations, assessments and other visits to patients in chronic care hospitals, convalescent hospitals, nursing homes and other institutions in which such patients are covered by extended care legislation.
 Admission Assessments to Long Term Care Institutions:

Type 1 - applies when the admitting physician has not performed a consultation, general assessment or general re-assessment prior to admission and when he carries out a general assessment (on admission) and provides a

report for the medical record.

such as charges for the completion of forms.

Type 2 - applies when the admitting physician has performed and claimed for a consultation, general assessment or general re-assessment prior to admission, makes an initial visit and records an admission note describing the condition of the patient following admission.

Type 3 - applies when the admitting physician readmits a patient after a 7 day stay in another institution; the admitting physician shall carry out a general re-assessment and provide a report for the medical record.

- Note: When a physician already is in the institution and is asked to assess one of his own in-patients on a non-emergent or an emergent basis, the subsequent visit listings apply. However, if he is asked to assess another physician's patient on an emergency basis, the General Listings should be used.
- 15. Subsequent Visits to Long Term Care Institutions: include the supervisory care as well as the active treatment of acute intercurrent illness when the physician is already in the long term care institution. The supervisory care component includes discussion with the patient and/or family and/or examination of the patient and also includes as required, discussion with the nurse, chart review and annotation of the chart. When acute intercurrent illness requires a special visit, the appropriate fees under General Listings and Premiums apply. For acute intercurrent illnesses requiring visits after the monthly maximums have been claimed, extra visits should be made on an I.C. basis (W12I \$12.70).
- 16. Pre-dental General Assessment: is the history and examination of a patient required prior to dental surgery under anaesthesia in hospital. A diagnosis is not required by OHIP for this service.
- 17. Newborn Care: is the routine care of a well baby up to ten days of age and should include a complete physical examination of the baby and necessary instructions to the mother. The service shall involve at least two visits and normally may not be claimed for the same patient by more than one physician.

 When a well baby is transferred to another hospital (because of the mother's state of health, for example) claims for newborn care by a physician at each hospital may be appropriate.
- 18. Low Birth Weight Baby Care: is the care of a baby weighing less that 2.5 kilograms at birth.
- 19. Psychotherapy: is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, in which a physician deliberately establishes a professional relationship with a patient for the purposes of removing, modifying or retarding existing symptoms, or attenuating or reversing disturbed patterns of behaviour, and of promoting positive personality growth and development. Accordingly, therefore, a psychotherapeutic procedure may be claimed if a half hour or major part thereof has been spent by a physician in such treatment of the patient. The minimum time period for psychotherapy (to be charged as such) is twenty minutes. In order to claim for a major portion of a second or subsequent time interval of psychotherapy for the same patient during the same visit, the preceding time interval must be a full 30 minutes of psychotherapy. When psychotherapy extends beyond thirty minutes, the major part (16 minutes) of the next half hour must be spent with the patient to qualify for an additional half hour fee. Similarly, after one hour of psychotherapy, the major part (16 minutes) of the next half hour, must be spent to qualify for an additional half hour, and so on.

PREAMBLE

- 20. Counselling: as distinct from psychotherapy, is that form of activity in which the physician engages in an educational dialogue with the patient(s), on an individual or group basis wherein the goal of the physician and patient(s) is to become aware of the patients' problems or situation and of modalities for prevention and/or treatment. Counselling is not to be claimed for the advice that is a normal part of any consultation or assessment, for ongoing treatment or as a substitute for patient assessment fees. Counselling must be rendered personally, by the attending physician.
- 21. Genetic Counselling: includes interviewing the appropriate family members, the collection and assessment of adequate clinical and genetic data to make a diagnosis, construct a pedigree and assess the risks to persons seeking advice. It includes imparting this information and the various alternatives to the appropriate family members for dealing with the problem in such a way that they can make informed decisions about the genetic problem.
- 22. Documentation: when a physician examines or treats a patient, an appropriate record of such service should be made. (See Appendix B).
- 23. Visit for Procedure: when the sole reason for an office visit is the performance of a certain procedure, the listed benefit for the procedure will apply. (See Diagnostic and Therapeutic Procedures Preamble for exceptions). When procedures are carried out in the office, mergency or outpatient department on an elective basis, special visit fees should not be claimed in addition to the procedural fee. When procedure(s) are carried out by a physician's employee(s) under the direct supervision of the physician in his office, the usual claims may be made for procedure(s) which are generally and historically accepted as those which may be carried out by the nurse or other medical assistant in the employ of the physician. "Procedures" in this context do not include such services as assessments, consultations, psychotherapy, counselling, etc. Direct supervision requires that during the procedure the physician be physically present in the office or clinic at which the service is rendered.** While this does not preclude the physician from being otherwise occupied he must be in personal attendance to ensure that procedures are being performed competently and he must at all times be available immediately to approve, modify or otherwise intervene in a procedure as required in the best interests of the patient.

For physiotherapy procedures performed under direct physician's supervision as detailed above, see Code G467 listed in Diagnostic & Therpeutic Procedures - Physical Medicine.

**Some procedures may not require the physical presence of a physician for adequate supervision. Exceptions to this requirement of direct supervision may be made upon recommendation of the Ontario Medical Association and the College of Physicians and Surgeons of Ontario.

- 24. Health Examination: this may vary in extent according to the purpose for which required (e.g. pre-employment, insurance, free from infection, etc.). This is not a benefit of OHIP and the fee should be according to the type of assessment necessary for this purpose and billed to the patient or party requesting the service.
- 25. Age: (unless otherwise specified) Newborn - up to 10 days of age. Infant - up to 2 years. Child - up to and including 15 years. Adolescent - up to and including 17 years. Adult - 18 years or over.
- 26. Most Responsible Physician: is the attending physician who is primarily responsible for the day to day care of the patient in hospital. In cases of unusual severity where the consultant assumes the role of the most responsible physician, the consultant may claim on a per visit basis and the family physician may claim supportive care. Where the family physician remains the most responsible physician and requests only a consultation, the family physician may claim on a per visit basis and the consultant may claim a consultation only.
- 27. Transferral and Referral:
 - (a) A referral takes place when one physician requests for his patient the services of another. The services of the latter may consist of:

(i) an opinion (i.e. a consultation).

(ii) diagnostic tests or procedures (e.g. skin test, biopsy, etc.).

Note: In such cases the referring physician continues to treat the case himself.

(iii)treatment (surgical or medical).

The referring physician's OHIP registration number must be included on the claim submission.

(b) A transferral, as distinguished from a referral, takes place where the responsibility for the care of the patient is completely transferred permanently or temporarily, from one physician to another (e.g. where the first physician is leaving temporarily on holidays and unable to continue to treat the case). Physicians who are substituting for other physicians should consider that patients of the latter have been temporarily transferred (not referred) to their care. The physician to whom the patient is transferred should be regarded as substituting for the other physician. Where the care of the patient

PREAMRLE

involves a benefit containing several components such as surgery, the physicians may consider the surgical benefit a team benefit and decide among themselves how each is to be compensated; traditionally physicians in these circumstances have reciprocated by exchanges of coverage for each other. When physicians routinely or frequently substitute for each other in providing hospital visits to registered bed patients in active treatment hospitals, e.g. weekend coverage or daily rounds by various members of a group, the most responsible physician may claim for all the visits.

- 28. Concurrent Care: applies when the family physician remains the most responsible physician but because of the seriousness or complexity o the condition, requests continued directive care by a consultant. The family physician may claim on a per visit basis and the consultant may also claim on a per visit basis not to exceed four such claims during the first week of concurrent care and not to exceed two such claims each week thereafter while the patient's condition remains serious - this arrangement being agreeable to both physicians.
- 29. Multidisciplinary Care: applies when the complexity of the medical condition requires the services of several physicians in different disciplines. In such cases, each physician should render a separate account on a per visit basis. This does not refer to a situation where a single benefit for a team of physicians is listed in this Schedule.
- 30. Supportive Care: is the care rendered in hospital by the referring physician, who is not actively treating the case (e.g. writing orders), to a patient under the care of another physician, at the desire of the patient or family, for purposes of liaison or reassurance. The physician may claim for this care on a per visit basis not to exceed four such claims during the first week of supportive care (determined by the date of the first supportive care visit) and not to exceed two such claims each week thereafter. If medical complications develop or are present in the post-operative period which require active management by the referring physician, hospital medical care fees should be applied not supportive post-operative fees.
- 31. Terminal Care (In Hospital); applies to one designated physician responsible for the care of a terminally ill patient suffering from malignant disease. Terminal care will be deemed to start when there is no aggressive treatment of the underlying disease process and care is directed to maintaining the comfort of the patient until death occurs. Terminal care should be claimed retroactively after death on the basis of visits actually rendered for a period not to exceed four weeks prior to death. Terminal care visit fees as described above do not apply when unexpected death occurs after prolonged hospitalization for another diagnosis unrelated to the cause of death. Visits to patients in hospital may be claimed at \$14.30 (C882) by general and family practitioners and at \$15.60 (C982) by specialists. For patients receiving terminal care in chronic hospitals, the above fees should be claimed with codes W882 and W982 respectively.
- 32. Independent Consideration "I.C.": Independent consideration may be given where a set fee is not listed in the Fee Schedule. Claims rendered under this heading should contain an explanation of the fee claimed. It is helpful to the Medical Consultant if claims for I.C. include an operative or consultation report and a comparison of the scope and difficulty of the procedure with other procedures in the Schedule.
- 33. Specialist: A specialist shall be defined (for purposes of application in the case of any given service within this Schedule) as one who holds a certificate from The Royal College of Physicians and Surgeons of Canada in the specialty which normally is considered to encompass the service in question.

A specialist rendering services outside of his specialty should use the codes and tariffs listed in the General Practice section of the Schedule.

34. Differential Benefits:

(a) Procedural fees apply to any physician rendering the services regardless of specialty.

- Specialists providing primary care in a general practice setting shall claim the appropriate visit fees (as defined in the Preamble) listed under the heading Family Practice and Practice in General. Certain other non specialist services such as counselling and interviews are under the same heading for the use of any physician providing such services.
- (c) Specialists in paediatrics who practice allergy may claim specialist fees for their allergy services regardless of the age of their patients.

Referring Physician's Services:

- (a) For the services rendered prior to the operation, the referring physician should claim on a fee-for-service basis, for example:
 - (i) Visits as rendered.
 - (ii) In addition to (i) above, in acute cases if detained, he may claim detention fees if appropriate. See Preamble, paragraph B.45.
- (b) (i) For services rendered as an assistant during the operation, the referring physician should claim an assistant's fee.

PREAMBLE

- (ii) In cases in which the referring physician is required to be present in the interest of the patient but does not actually assist at the surgical procedure, he should claim on a hospital visit basis for this service.
- (c) For the services rendered after the operation, the referring physician may claim on the basis of supportive care fees as outlined in the schedule.

36. Assistants' Services:

(a) The assistants' fees are determined by adding the listed basic units and time units and multiplying the total number of units by \$8.81. For all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For all cases commencing after midnight and before 7:00 a.m. any night of the week, increase the total assistant's fee by 50% (E401B).

(b) When a physician is required to make a special visit to the hospital to assist at surgery, he may charge a special visit premium of \$29.65 (C9988) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or \$44.50 (C9998) for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but apply only to the first patient treated on each special visit.

(c) The time units are computed by allowing one unit (\$8.81) for each 15 minutes or part thereof of time (up to two hours) spent by the assistant. When assisting for more than two hours per case, time units for periods in excess of two hours are computed by allowing two units for each 15 minutes or part thereof. Time for purposes of these calculations includes scrub time and time spent in the operating room. If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix B should be added to the fee code for the procedure. The basic units should be listed separately from the time units on the claim card.

(d) When multiple or bilateral surgical procedures are done during the same anaesthetic, the assistant's benefit shall be based on the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the assistant shall be entitled to receive a full assistant's benefit for each procedure.

(e) In surgical procedures requiring more than one assistant, the second assistant shall compute his fee on the same basis as the first assistant. Each claim for second assistant should be accompanied by a statement from the operating surgeon confirming the necessity for his/her services.

statement from the operating surgeon confirming the necessity for his/her services.

(f) When a surgeon requires an assistant at a procedure for which no assistant's fee is listed, the assistant may calculate his fee by taking the number of basic units used by the anaesthetist, adding his time units and multiplying the total number of units by \$8.81.

(g) When assistants at surgery claim for procedures for which no assistants' fees have actually been listed in the schedule, the assistants should support their claims with a statement of explanation from the surgeon, confirming the medical necessity for their attendance.

Note: Code M400B to be used by OHIP for services performed by an assistant where no assistant units are listed. All such services must be assessed for appropriateness by the OHIP Medical Consultant.

(h) Where the attendance of a physician is requested by the patient's other medical attendants for the sole purpose of monitoring or special supportive care, and when the physician is in constant attendance, the fee shall be 3 units plus time (E003B).

(i) When an anaesthetic has begun and the operation is cancelled prior to commencement of surgery, the assistant who has scrubbed but is not required to do more, should claim 3 basic units plus time units (EOOGB). If the operation is cancelled after surgery has commenced, the procedural basic units plus time units will apply. If the procedure is cancelled prior to the induction of anaesthesia and the assistant is scrubbed, a subsequent hospital visit only may be claimed.

37. Anaesthetists' Services:

(a) The tariff is for all types of anaesthesia. The fee is for professional services, including pre-anaesthetic evaluation and post-anaesthetic follow-up and all immediate supportive measures, and does not include the cost of materials used.

(b) If an anaesthetist is requested by another physician to see a patient in consultation (see para. 1(a)) because of the complexity, obscurity or seriousness of the case prior to the administration of an anaesthetic, he may claim a consultation fee as well as the anaesthetic fee. If this consultation is provided less than 36 hours prior to the administration of an anaesthetic, this consultation should be claimed at \$59.00 under fee code E015. The routine pre-anaesthetic evaluation of the patient required by the Public Hospitals Act does not qualify as a consultation, regardless of where and when this evaluation is performed. Anaesthetic consultations do not apply when hospital, departmental by-laws, statutes or policies require automatic consultations on any patient requiring anaesthesia.

(c) If an anaesthetist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia, he or she may claim a hospital visit fee for this service. When an anaesthetic has begun and the operation is cancelled due to a complication prior to the commencement of surgery, the anaesthetist should claim 4 basic units plus time (EOO6C). If the operation is cancelled after surgery has commenced, the procedural basic fee plus time units will apply.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

(d) The anaesthetist's fees are determined by adding the basic and time units together and multiplying the sum by \$10.16. For cases commercing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For cases commencing after midnight and before 7:00 a.m., any night of the week, increase the total anaesthetic fee by 50% (E401C).

(e) When an anaesthetist is required to make a special visit to the hospital to administer an anaesthetic, he may claim a special visit premium of \$29.65 (0998C) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or \$44.50 (C999C) for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but

only apply to the first patient treated on each special visit. (f) When an anaesthetist administers an anaesthetic to a patient under the age of one (E009) or over the age

of seventy (E007), add one unit to the total fee. When an anaesthetist administers an anaesthetic to a patient of any age with an incapaciting systemic disease that is a constant threat to life or to a moribund patient who is not expected to survive for 24 hours with or without the operation, add one unit to the total fee (E008). (q) Basic units are listed for most procedures and include the value of all anaesthetic services except the

actual time spent administering the anaesthesia, any modifying factors, or unusual detention with the patient (see paragraph n).

(h) Except during maintenance of continuous conduction anaesthesia time units are computed by allowing one unit for each 15 minutes or part thereof of anaesthesia time (up to two hours); following the first two hours of anaesthesia, time units for periods in excess of two hours shall be computed on the basis of two units for each 15 minutes or part thereof; time units for periods in excess of eight hours shall be computed on the basis of three units for each 15 minutes or part thereof. Anaesthesia time begins when the anaesthetist is first in attendance with the patient for the purposes of creating the anaesthetic state and ends when he is no longer in personal attendance (when the patient may be safely placed under customary post-operative supervision).

If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix C should be added to the fee code for the procedure.

In special cases when the anaesthetic services of more than one anaesthetist are deemed necessary in the interest of the patient, the second anaesthetist shall charge 4 basic units (EOO1) plus time units for the time spent assisting the first anaesthetist.

When multiple or bilateral surgical procedures are done during the same anaesthetic, the anaesthetic benefit shall be based upon the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the anaesthetist shall be entitled to receive a full anaesthetic fee for each procedure.

(1) In procedures where no value is listed, or with I.C., the basic portion of the calculated value will be the same as listed for a comparable procedure considering the region and modifying conditions or techniques.

when a pump with or without an oxygenator and with or without hypothermia is employed in conjunction with an anaesthetic, the anaesthetic "Basic Units" will be 28 units; this replaces the listed basic units for the procedure.

Controlled hypotention may be billed for (10 units) when it is carried out in association with anaesthesia using any technique to deliberately lower and maintain the mean blood pressure by at least 25%. Incidental hypotension from the use of any anaesthetic agent does not constitute controlled hypotension. The additional 10 units may be claimed under E004C.

(o) When unusual detention with the patient before or after anaesthesia is essential for the safety and welfare of such patient, the necessary time will be valued on the same basis as indicated for the anaesthetic time.

For detention not associated with anaesthesia detention rates and criteria (see paragraph B.45).

When the attendance of the anaesthetist is requested by the patient's other medical attendants for the purpose of monitoring or special supportive care, and when the anaesthetist is in constant attendance. the benefit shall be 3 units plus time. The code is E003C.

Introduction of a catheter for continuous conduction analgesia and anaesthesia in obsetrics has a basic value of 6 units. Maintenance and/or supervision may be claimed at one unit for each half hour of maintenance to a maximum of 5 units. No fee is chargeable for the first hour following introduction of the catheter and first dose. Time units for delivery may be claimed at one unit per quarter hour. When a physician administers an anaesthetic and/or other medication prior to, or during a procedure(s)

or immediately after a procedure which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal, iliohypogastric, ulnar, median, or radial block in addition to performing a procedure, he may claim \$13.10 (G224) in addition to the procedure.

When hypothermia is used by the anaesthetist in procedures not specifically identified as requiring hypothermia, the basic value is 25 units. This basic value replaces the basic value listed in the Schedule for the procedure. When the basic value claimed is 25 units, the anaesthetic service may be claimed under code EOO2C.

DDF AMRLE

- (u) When a patient is known to have malignant hyperthermia or there is a strong suspicion of susceptibility, and the anaesthetic requires full malignant hyperthermia set up and management, add 5 units to the anaesthetic claim (E012). This add-on does not apply to 2245 on page 75.

 (v) Anaesthetic management for the emergency relief of acute upper airway (above the carina) obstruction
- (excluding choanal atresia) basic 10 units (E013).
- (w) When one anaesthetist starts a procedure and is replaced by another part way through a surgical procedure or delivery, the first anaesthetist should charge the appropriate basic fee plus time units and the second anaesthetist should charge for time units only. The second anaesthetist should use code E005C for second anaesthetist should charge for time units only. The second anaesthetist should use could see the such time units except in the case of continuous conduction anaesthesia; for which P015 (plus E100C) applies (see para. 37(r)). E002C, E003C, E004C, E005C qualify for the premiums E400C or E401C only if the case originally started within the time stated under para. 37(d) above.

Fach anaesthetist should state on his/her claim card which part of the anaesthetic is being claimed and the time begun and completed.

- (x) General anaesthesia for the purposes of this Fee Schedule includes all forms of anaesthesia except local infiltration.
- (y) Maintenance/Supervision of epidural catheter for relief of pain (G247) see p.63. For visits rendered after 5 p.m. and before midnight or on Saturdays, Sundays and Holidays add 30% (E402). For visits after midnight but before 7 a.m. add 50% (E403).
- 38. General Listings: include the basic listings for consultations, assessments and other visits wherever they are rendered, except for non-emergency services to hospital or long-term care institution in-patients and for care rendered by a physician on duty in the emergency department. These latter services are listed separately in the Schedule.
- 39. Non-Emergency Hospital in-Patient Services: include the fee listings for consultations and other visits
 - rendered to registered bed patients on a non-emergency basis.

 (a) When a patient has not been seen previously by the physician in charge, the first visit after admission may be claimed as a consultation or general or specific assessment. When the patient has been previously attended before admission, the first visit after admission may be claimed as a general re-assessment or specific re-assessment (depending on the specialty) if the patient has been seen before in the same illness. However when a patient is admitted to hospital by one physician and is subsequently transferred to another physician, only one general or specific assessment or re-assessment may be claimed per patient admission.
 - (b) Subsequent routine visits should be claimed as subsequent visits (minor assessments). Payments for hospital visits are usually limited to one per patient per day prior to the weekly and monthly limitations that apply after the patient has been hospitalized for 5 weeks, (6 weeks for paediatricians). However, it is not the intent of the Fee Schedule that visit fees be claimed for every day a patient is in hospital unless a physician actually visits the patient each day. For acute illnesses or exacerbation of original illness requiring hospital visits after 5 weeks of hospitalization, claims for extra visits should be made on an independent consideration basis (C121).
 - (c) When a patient in hospital is referred by one physician to another, the second physician should not be limited by the "Subsequent Hospital Visit" formula for the number of hospital visits already rendered by the first physician. In other words, the second physician is entitled to claim for his visits up to 5 weeks just as if the patient was being attended to in hospital for the first time. If the patient is transferred to the care of another physician, the "Subsequent Hospital Visit" formula would apply just as it would if only one physician was involved in the care.
 - (d) When a physician is already in the hospital and is asked to assess one of his own in-patients on a non emergency or emergency basis, the subsequent hospital visit listings apply. However if he is asked to assess another physician's patient on an emergency basis, the General Listings apply.
- 40. Emergency Department Physician on Duty Services: include the fee listings for minor and multiple systems assessments and re-assessments during regular and premium hours rendered by the physician on duty. Any physician on duty in the emergency department should claim these fees regardless of his/her specialty.
 - The listings under the heading "Emergency Department Physician on Duty" are meant to apply to those circumstances wherein either emergency or other physicians have elected or are required to be physically and continously present in the Emergency Department or environs for an arranged designated period of time. In addition to applying to full or part time emergency room physicians who work pre-arranged shifts, these listings also apply to the services rendered by physicians who provide on-call emergency room coverage for designated periods of time and limit the services they provide, in the community served by the hospital, predominantly to emergency room coverage. When special visits are rendered by such physicians, A and K codes may be charged for the first patient seen:
 - (a) for up to a maximum of two special visits after 8:00 a.m. and up to 5:00 p.m.;
 - for up to a maximum of three special visits after 5:00 p.m. and up to midnight;
 - for the number of special visits rendered after midnight and up to 8:00 a.m..
 - When an on call physician practising in the area elects to be continuously present in the Emergency Department or environs for an arranged designated period of time because the volume of patients requires it, e.g. during a busy holiday period, the fees under Emergency Department - Physician on Duty (H101, H103, H104, etc.) should be charged after the patients responsible for the initial special visit have been examined and/or treated (and charged for under the A and K codes).

PREAMBLE

When an emergency physician is required to make a special visit to the Emergency Department prior to or after his regular arranged designated period of time on duty, he may charge the appropriate fee under the General listings plus the applicable special visit premium for the first patient assessed; all subsequent patients assessed during this visit to the hospital should be billed under the Emergency Department -Physician on Duty listings.

When a physician is on duty in the Emergency Department, sees a patient and admits the patient to hospital, this physician may claim a minor or multiple systems assessment depending on the service initially provided. Either the patient's attending physician or the emergency department physician (but not both) may provided. Either the patient's according physician of the diagrams department physician (instead of the attending physician) provides the admission assessment. If the emergency department physician (instead of the attending physician) provides the admission general assessment, he may claim a general re-assessment (CCCC) as well as the initial assessment provided both services are actually rendered separately.

SPECIAL VISIT TO EMERGENCY OR O.P.D.

Consultation:

Consultation, patient not admitted: The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) may be claimed.

Consultation, patient admitted:

- (a) The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) followed by hospital visits (if rendered) may be claimed. However, if the consultant also is the "most responsible physician", he may not also claim a hospital in-patient consultation, repeat consultation, general or specific assessment, general or specific re-assessment since the initial consultation rendered in the emergency department serves as the admission assessment.
- (b) If the consultant is not also the most responsible physician, the latter may claim the appropriate admission assessment.

Assessment:

Assessment, patient not admitted The benefit for the assessment (or re-assessment) plus the appropriate special visit surcharge (K99-) may

General/specific assessment plus patient admission -The benefit for the general or specific assessment plus the appropriate special visit surcharge (K99-) followed by hospital visits may be claimed. However, the admitting physician may not also claim a hospital in-patient general/specific assessment or reassessment since the initial general/specific assessment rendered in the emergency department serves as the admission.

Minor/intermediate assessment plus patient admission -The benefit for the minor or intermediate assessment plus the appropriate special visit surcharge (K99-) may be claimed. In addition, the admitting physician may claim for a hospital in-patient general or specific reassessment if rendered.

Procedure:

Except for procedures for which the listed benefits specifically include the associated consultation or other assessment, claims may be made for both the procedure and the assessment.

If a physician has an office in the hospital and is called to assess a patient in the Emergency Department or O.P.D., the special visit premiums do not apply.

41. Emergency Department Equivalent:

An Emergency Department Equivalent is an office or other place (other than a hospital emergency department) in which a physician renders services as part of an emergency service being made available to the community.

"Emergency Department Equivalent" includes a place used by a physician to render services exclusively to the office practice patients of one or more physicians outside the office hours of those physicians if the place is open for patients to attend.

A place is an Emergency Department Equivalent only during the period of time that the emergency service is being made available.

A place may be an Emergency Department Equivalent notwithstanding that the physicians rendering services therein are not continuously present and only attend on call.

A physician may add a premium of 30% (E030) to the appropriate General Listings for services provided in an Emergency Department Equivalent if

PREAMPLE

- the services were rendered on a Saturday, Sunday or holiday ("holiday" is defined in paragraph 8.43(c) below);
- the services were rendered on the day they were first requested; and,
- the services were rendered for the purpose of dealing with an emergency.
- 42. Long-Term Institutional Care: See paragraph 8.14.

Premiums:

43. Special Visit Fees Applicable in Addition to Fees for Services Listed Under Consultations and Visits, Critical Care and Injections or Infusions (pages 1-18, 54, 58).

(a) A special visit is one initiated by a patient or his representative where the physician is required to

travel from one location to another to see the patient.

Subject to paragraphs (b) to (r), the appropriate special visit fee applies when a physician makes a special visit to his office even if the office is in the physician's home, or to the patient's home or other location (hotel, motel, roadside, ski slope, etc.), or to the Emergency Department, 0.P.D., hospital or long-term care institution from a location outside any premises of, or operated by or on behalf of, the hospital or institution.

(b) A special visit may also involve an emergency call with sacrifice of office hours. The benefits for this type of special visit apply in a situation where the demands of the patient and/or the physician's interpretation of the patient's condition is such that the physician responds immediately and makes a special

visit at the sacrifice of regular office hours.

A special visit at night or on a Saturday, Sunday or holiday may be claimed when non-elective or emergent calls are made by the physician between 5:00 p.m. and 7:00 a.m. or are received and made on Saturdays, Sundays and Holidays. Holidays are defined for the purpose of this Schedule as New Year's Day, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labour Day, Thanksgiving, Remembrance Day, Christmas Day and Boxing Day. If any of these holidays fall on a Saturday or Sunday, the Friday before or Monday following will be recognized as the holiday.

(d) Only one special visit (daytime; emergency call with sacrifice of office hours; or nights, Saturdays, Sundays and Holidays) may be claimed for the same patient, same visit. Special visits only apply to non-elective or emergent calls and do not apply to non-referred or transferred obstetrics. Special visits do not apply to visits on regular rounds to registered bed patients nor do they apply to admission assessments of patients who have been admitted to hospital on an elective basis, regardless of the time performed.

(e) An elective home visit is a visit to a patient's "home" deemed medically necessary by the physician, initiated by the physician or the patient and carried out at any time convenient to the physician. Physicians providing such services should charge in addition to the appropriate fee under the heading General Listings, the premiums under paragraph 43(j) only, even if the elective visits are rendered at Night, on Saturdays, Sundays and Holidays.

If an institution has arranged to have quarters in the same or in a proximal building in order that a physician will be available to make visits to the institution, particularly at night, these are not considered

"special visits" to the institution.

If a physician is called to pronounce a patient dead, a minor assessment may be claimed along with the

appropriate surcharge for the special visit.

(f) When additional patients are assessed during special visits, the "additional patient" premiums are not normally applicable unless the additional patient himself qualifies for a special visit. However, extra normally applicable unless the additional patient miniser quarries for a special visit. Nowers, corresponding a special visit to another patient also qualify for the "additional patient" premiums if an assessment is rendered. The maximum number of special visit premiums per special visit (to any location) is ten. Patients who drop in to the office while the physician is there for reasons other than rendering a special visit do not qualify for any of the special visit to a possible on other patients. Extra in-patients seen during a special visit to a hospital or other institution do not visit premiums. Extra in-patients seen during a special visit to a hospital or other institution do not qualify for the "additional patient" premiums unless the physician has been asked specifically to see these extra patients as well.

Patients seen during "office hours" held at night or on Saturday, Sunday or Holidays do not qualify for

any of the special visit premiums.

(g) No special visit fee is chargeable in respect of services rendered in a place, other than a hospital,

long term care facility that is open for patients to attend.

No special visit fee is chargeable for services rendered at any time in an Emergency Department Equivalent (see paragraph 8.41 above), whether or not the services qualified for the Emergency Department Equivalent premium.

(h) When no consultation or visits may be claimed e.g. for post-op hospital visits by operating surgeon, the minimum premiums for special visits apply for additional patients seen during a special visit. Minimum premiums also apply to additional patients seen requiring Critical Care (excluding services to a critically ill patient where team fees apply), Injections or Infusions.

R992, C992, K993, C993 are also applicable to assistant and/or anaesthetist at non-elective surgery.

Daytime Special Visits (Monday to Friday) to Emergency Department or O.P.D.: for other locations see below:

47. Non Elective Surgical Procedures, Obstetrics or Clinical Procedures Associated with Diagnostic Radiological Examination or Detention While in Attendance With Patient(s) in Ambulance: - when such procedures including fractures or dislocations or major invasive procedures contained in the list of Diagnostic and Therapeutic Procedures or elective procedures which because of intervening emergency procedure(s) commence after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the

procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia – hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction. Major Invasive Procedures are considered to be the following:

-----------------------------	------------------------------	--------------	--------------	------	--------------	--------------	--------------	--------------	------------------------------	------------------------------	----------------------

These premiums are not chargeable (during or after a "shift") by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to procedures listed in the Diagnostic Radiology, Nuclear Medicine or Diagnostic Ultrasound sections of the Schedule.

PREAMBLE

- 48. Non Elective Diagnostic Radiology, Laboratory Medicine, Nuclear Medicine or Diagnostic Ultrasound Examinations: when a physician providing the foregoing services makes a special visit to see a patient in consultation, perform a procedure or conclude that a procedure is not medically indicated, between 5:00 p.m. to midnight or on Saturdays, Sundays and Holidays, a \$29.65 premium (C109) should be claimed in addition to the appropriate consultation fee or procedural fee or by itself if the decision is made not to perform the procedure. For such services rendered between midnight and 7:00 a.m., the premium is \$44.50 (C110).
- 49. Anaesthetists' Services: for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For all cases commencing after midnight and bfore 7:00 a.m., any night during the week, increase the total anaesthetic fee by 50% (E401C). For cases requiring a special visit to the hospital, an additional premium of \$29.65 (C998C) during the 40% premium period and \$44.50 (C999C) during the 50% premium period may be charged to the first patient treated on each special visit.
- 50. Assistants' Services: for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For all cases commencing after midnight and before 7:00 a.m., any night during the week, increase the total assistant's fee by 50% (E401B). For cases requiring a special visit to the hospital, an additional premium of \$29.65 (C998B) during the 40% premium period and \$44.50 (C999B) during the 50% premium period may be charged to the first patient treated on each special visit.
- 51. Travelling Time: may be charged directly to patients (since it is a non-insured service) when special visits are made by physicians to see patients outside their normal area of practice. Travelling time may be charged at the same rate as detention.
- 52. A Locum Tenens
 - (a) Must replace the employing physician, who must be absent from the practice.
 - (b) Must replace the employing physician for a continuous period up to a maximum of 12 weeks, with an extension on request for a further 6 weeks.
 - (c) Must be the same specialty as the employing physician.
 - (d) Must be licensed by the College of Physicians and Surgeons of Ontario in a category of licence that allows him or her to practice independently without supervision.
 - Prior notification must be given OHIP of the name and OHIP physician number and/or licence number of the locum tenens and the exact dates of employment, together with an authorization from the locum tenens to make payment for his or her services to the employer.
 - If these conditions are met, the locum tenens may sign the employing physician's claim cards.
 - If any of the above conditions are not met, the physician involved must submit claims to OHIP on his or her own claim cards.

APPENDIX C

BENEFITS OUTSIDE ONTARIO

Under Code R991 payment will be made at the usual and customary fee paid by insurers in the place where the service was rendered, provided that all of the following conditions are met:

- 1) the insured service is a surgical or other complex medical procedure.
- the procedure is generally accepted within Ontario as medical treatment for the insured person's condition;
- 3) the procedure is not performed in Ontario;
- 4) the insured person is referred by a physician in Ontario to the physician outside Ontario who will perform the procedure;
- 5) the insured person departs from Ontario for the express purpose of having the procedure performed;
- 6) prior written approval has been obtained from the Plan.

APPENDIX D

1. Surgery to alleviate significant physical symptoms that are refractory to medical treatment that has been actively undertaken for at least a six month period, or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is a benefit under the Ontario Health Insurance Plan. Surgery solely to alter or restore appearance is not a benefit of OHIP except under the circumstances as listed in the following policy.

2. Emotional, psychological or psychiatric grounds are not considered sufficient reason for OHIP coverage of

surgery for alteration of appearance except under exceptional circumstances.

3. On request of the attending physician, exceptions may be made on an independent consideration basis if the proposed surgery is to alter a significant defect in appearance caused by disease, trauma or congenital deformity, and if the surgery is

recommended by a Mental Health Facility (as designated by The Mental Hospitals Act) or equivalent,

performed on a patient who is less than 18 years of age and the defect is in the area of the body which normally and usually would not be clothed, or

recommended by a Correctional Institution (tattoo removal only), or

essential in order to obtain employment as documented by the attending physician and either by a Canada Manpower Employment Centre or by an employer with regard to a specific job, (tattoo removal only).

In establishing this policy, it has been recognized that

peer acceptance in our society often is influenced disproportionately by the facies, children are especially susceptible to emotional trauma caused by physical appearances.

Surgery to revise or remove features of physical appearance which are familial in nature is not a benefit of 5. OHTP.

Within the context of this policy, the word "disease" does not include the normal sequelae of aging. Surgery to alter changes in appearances caused by aging is not a benefit of OHIP.
Within the context of this policy, the word "trauma" includes trauma due to treatment such as surgery, 6.

7. radiation, etc.

The phrase "reasonable period of convalescence" should be considered as two years. Independent consideration 8. will be given to the questionable cases. Authorization from OHIP is not required for all surgery to alter appearance. It is required only for those

categories of procedures for which some cases may not be a benefit under OHIP policy.

10. Suitable documentation may be requested by OHIP in some cases before authorization can be considered. The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is a benefit of the Plan whether or not the original surgery was covered by OHIP. No authorization is required.

12. Revision of surgery for alteration of appearance, because of undesirable results, is a benefit of the Plan if the original surgery was a benefit and if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. OHIP authorization is required only if the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization.

Surface Pathology

Trauma Scars

(a) Neck or Face

Includes ears and non-hair bearing areas of the scalp.

Repair of all such scars is a benefit of OHIP, except for scars resulting from previous surgery to alter appearance that was not originally a benefit of OHIP.

Repair procedures will depend upon the lesion but may include excision, revision, dermabrasion, etc. Rhytidectomy procedures for cosmetic reasons, however, are not a benefit of OHIP. OHIP authorization for repair of such scars is not required but manual assessment of the claims will

be necessary to ensure that the most appropriate procedure codes are used.

(b) Scars in other Anatomical Areas

Repair of scars which interfere with function or which are significantly symptomatic (pain, ulceration, etc.) is a benefit of OHIP.

Scars with no significant symptoms or functional interference

(i) Repair is a benefit if such a repair is part of a pre-planned post-traumatic (including post-surgical) staged process. OHIP notification must be included as part of the planning process.

(ii) Other post-traumatic scar revision is not a benefit of OHIP.

OHIP authorization is required for all scar repair procedures in areas other than the face or neck. Scar revision codes should be used (R026-R029).

Keloids

(a) Head or Neck

The repair of all such keloids is a benefit of OHIP.

APPENDIX D

- Repair procedures may include excision, injection, dermabrasion or planing.
- No OHIP authorization is required.
- (b) Excision of keloids in other areas
 - Not a benefit of OHIP unless significantly symptomatic (pain, ulceration, etc.) or there is functional impairment.
- OHIP authorization is required.

Tattoos

- (a) Face or Neck
 - Excision or destruction of all such tattoos is a benefit of OHIP.
 - Authorization is not required but adjudication of repair procedures will be identical to that for scars in these areas.
- (b) Other Anatomical Areas
 - Excision or destruction of concentration camp or P.O.W. tattoos is a benefit of OHIP. Otherwise, not a benefit of OHIP except as described in Para D-3 (Page xxii
- Benign lesions such as naevi, keratoses, spider naevi, papillomata, neurofibromata
 - (a) Face or Neck
 - Excision or destruction of these lesions is a benefit of OHIP.
 - Authorization is not required.
 - (b) Other Anatomical Areas
 - Normally not a benefit of OHIP if removed for alteration of appearance only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
 - Removal of very large lesions that would be considered disfiguring in patients of any age may be a benefit of OHIP.
 - Authorization is required.

Hair Loss

- (a) Head or Neck
 - (i) Patients less than 18 years of age
 - Repair is a benefit for non-hereditary etiologies.
 - Authorization is not required. However, if it is possible that a planned staged procedure will extend beyond the age limit, pre-authorization should be obtained, since it will be necessary after the 18th birthday.
 - (ii) Post-traumatic
 - Repair to the area of traumatic hair loss is a benefit of OHIP only if carried out within a reasonable period of convalescence. (See Para. 7, page xxiii).
 - OHIP authorization is required.
 - Usual repair procedures may include skin shifts of flaps, skin grafts, or hair plugs.
 - (iii) Other Etiology
 - Not a benefit of OHIP. (b) Other Anatomical Areas
- Not a benefit of OHIP. Epilation of Hair
 - (a) Face
 - This procedure is a benefit of OHIP only for those patients with documented endocrine abnormality or drug-induced hirsutism.
 - OHIP authorization is required.
 - Other Anatomical Areas Not a benefit of OHIP.
- Redundant Skin
 - (a) Excision of redundant skin for elimination of wrinkles, etc. is not a benefit of OHIP.
 - Blepharoplasty is not a benefit of OHIP unless there is documented evidence of medical necessity from the appropriate physician such as visual field defect caused by the redundant eyelid skin. OHIP authorization is required. (Include documentation of visual fields).

Sub-surface Pathology

- Congenital deformities
 - (a) Head or Neck
 - Repair is a benefit of OHIP except for:
 - surgery to revise or remove features which are familial in nature or do not interfere with function surgery to correct "outstanding ears" in patients who are eighteen years of age or over.

 - OHIP authorization is required.
 - (b) Other Anatomical Areas
 - Normally not a benefit of OHIP if surgery is for alteration of appearance only.
- Post-Traumatic Deformities 2.
 - Reconstructive procedures are a benefit at the acute stage; within two years, or if part of a pre-planned staged process of repair.
 - Repair of procedures may include bone revision, tissue shifts and grafts, prosthesis implantation,
 - OHIP authorization is required for repairs beyond the acute stage.

APPENDIX D

- Deformities resulting from local disease (such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)
 - (a) Head or Neck
 - Reconstructive procedure for significant abnormalities are a benefit at the acute stage; during a chronic disease process; within a reasonable period of convalescence (see Para. 7, Page xxiii) or if part of a planned staged process of repair initiated during one of these periods.
 - Repair procedures normally could include tissue grafts, flaps or shifts, bone revision, prosthesis
 - Face lifts, modified face lifts, brow lifts, etc., are not a benefit of the Plan if skin only is involved in the procedure. However, a repair such as ptosis repair or face lift with underlying slings is a benefit of OHIP if the procedure is to correct significant deformity following stroke, cancer, VIIth nerve palsy, etc.
 - OHIP authorization is required for repair of deformities resulting from local disease.
 - (b) Other Anatomical Areas
 - Not a benefit of OHIP if the correction is for appearance only.
 - Correction of severe deformity resulting from polio or neurological disease will be considered for payment - OHIP authorization is required.
- 4. Breast Surgery
 - (a) Augmentation Mammoplasty
 - This procedure is a benefit of OHIP unilaterally or bilaterally for a female patient with breast aplasia.
 - It may be an OHIP benefit unilaterally for a female patient with a severely hypoplastic breast.
 Additional documentation may be required.
 - Unilateral augmentation mammoplasty may be a benefit of the Plan if there is gross disproportion
 present or in association with an approved unilateral reduction mammoplasty or postmastectomy
 reconstruction of the contralateral breast.
 - The correct code for the repair procedure is R112
 - OHIP authorization is required.
 - (b) Post-Mastectomy Reconstruction
 - Unilateral or bilateral breast reconstruction is a benefit of OHIP when the procedure is subsequent
 to total or partial mastectomy (including wedge resection) or prophylactic mastectomy as listed in
 the Schedule of Benefits.
 - Authorization is not required.
 - (c) Reduction Mammoplasty
 - Reduction Mammoplasty may be approved where there is significant associated symptomatology. Ptosis
 and/or size are not sufficient grounds for OHIP coverage of reduction mammoplasty.
 - Unilateral Reduction Mammoplasty may be a benefit of the Plan if there is gross disproportion
 present or in association with approved unilateral augmentation mammoplasty, or post mastectomy
 reconstruction of the contralateral breast. Additional documentation may be required.
 - OHIP authorization is required.
 - (d) Mastectomy
 - This procedure is a benefit of the Plan.
 - Authorization is not required.
 - (e) Accessory Breasts or accessory nipples
 - Excision of such accessory tissue is a benefit of the Plan.
 - The appropriate code should be used from the Schedule listings under Skin and Subcutaneous tissue.
 - Authorization is not required.
 - (f) Inverted Nipple(s)
- Not a benefit of OHIP
- Septorhinoplasty
 - This is a benefit of OHIP when the rhinoplasty component is necessary to obtain an adequate airway
 or following trauma within 2 years or part of a pre-planned staged plastic repair. (See Para 7,
 Page xxiii).
 - In cases where a septoplasty is necessary to improve function and a rhinoplasty is done to improve the cosmetic effect, OHIP will pay the part of the operation that was medically necessary (e.g. if a septorhinoplasty is performed and a septoplasty was necessary to improve the airway, OHIP will pay MO12 and the surgeon is entitled to claim the difference from the patient).
 - OHIP authorization is required. A description of the external deformity should be provided.
- Excision of excess fatty tissue and/or skin is not a benefit of the Plan except for panniculectomy where there is significant symptomatology.
 - OHIP authorization is required.
- 7. Sex-Reassignment Surgery
 - (1) Sex-reassignment surgical procedures are a benefit of OHIP only if they are performed on patients who have completed the Gender Identity Clinic program operated by the Clarke Institute of Psychiatry in Toronto. Moreover, claims are accepted for payment only for those patients for whom the Clinic has recommended that surgery take place. This surgery need not take place in Toronto or even in Ontario. Surgery recommended by the Clinic which takes place outride the Province of Ontario may be approved for payment at rates in accordance with the current OHIP Schedule of Benefits.
 - (2) Within the foregoing guidelines, reconstruction of genitalia and mastectomy are benefits of the Plan. However, since the hormonal treatments associated with sex-reassignment themselves give rise to breast enlargement, augmentation mammoplasty or breast reconstruction in a male to female conversion is not a benefit of OHIP, in keeping with the previously outlined policy regarding breast surgery in females.
 - OHIP authorization is required.

ANATOMICAL PATHOLOGY, HISTOLOGY AND CYTOLOGY (Fees for Diagnostic Interpretation of Laboratory Procedures)

Preamble

1. The following fees involve responsibilities for accessioning specimens and

interpreting the diagnostic descriptions.

2. On occasion the services provided by the laboratory physician may involve substantially greater professional responsibility and expertise than is provided for in these fees. In such cases, the physician may bill for these on an independent consideration basis provided that the nature of the services and their distinguishing features are adequately described.

3. The surgical mathology fees are organized according to services requiring increasing expertise and time and are defined as follows:

Simple specimen - includes gross and, where necessary, microscopic examination and interpretation of small tissues requiring less time, effort and risk than the next category. A simple specimen will ordinarily include tissue considered by the physician to be "normal" (e.g. uterine tubes, vas deferens, hernial sac, etc.).

Small or uncomplicated specimen - includes small tissues thought to be abnormal which carry more professional risk and effort than those described in the previous category, and in which the number of slides is small. As a rule, this category would apply to a single small specimen or to two specimens if two tissues are combined on a slide (e.g. skin biopsy, endometrial biopsy).

Multiple small specimens or curettings requiring multiple slides - includes specimens requiring several slides e.g. prostate curettings, uterine curettings, multiple endoscopic gastrointestinal tract biopsies from the same segment of the G.I. tract (multiple specimens or slides).

4. The physician assumes responsibility for all cytology smears and the listed professional benefits (L804 to L814 inclusive) are weighted averages of the professional component. these benefits, therefore are applicable in each case whether or not all slides are examined by the physician.

- 5. The benefit for seminal fluid examination (complete) is to include sperm count, volume estimation, motility and morphology and viscosity. The benefit for seminal fluid examination (L820) carried out post vasectomy is not to be claimed by the operating surgeon unless the patient requires more than one office visit post-operatively.
- 6. This Preamble is intended to apply to everyone using codes L800 to L846.
- The fees for diagnostic interpretation of laboratory procedures (L800 codes) are net fees and do not usually include overhead costs e.g., secretarial, handling and transport of specimen etc.,

NUCLEAR MEDICINE - IN VIVO

Column T - is the technical benefit for the production of records, radiopharmaceutical agents, apparatus, premises, technical services, administration and secretarial services.

Column P, - is the professional benefit for supervision of the procedure, appropriate patient interview and/or examination, correlation of related data, interpretation of results, and provision of a written report. The physician need not be continuously present in the nuclear medicine department or private facility while the procedures are being carried out but must be physically present frequently enough to carry out the appropriate patient interview and/or examination and approve, modify or intervene

in the procedures as required. Column P_2 - is the professional benefit for interpretation of results and provision of a written report. If the physician does not meet the criteria for P₁ or has claimed any visit in conjunction with that Nuclear Medicine procedure, the lesser professional fee (P₂) will be claimed.

Notes: 1. The total benefit is arrived at by adding T plus P₁ (first code listed, e.g., J802).

2. When coding the total benefit use suffix A; when coding technical portion only use

suffix B; when coding professional portion only use suffix C.

3. If quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit except when SPECT is claimed. For claim purposes, use prefix "Y". Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit.

The claims for cardiac wall motion studies and calculation of ventricular ejection fract ion (J811 and J813) already include an allowance for data manipulation as a general rule and no additional benefit may be claimed. The additional computer benefit may be claimed only when additional cardiac quantifications are performed i.e. stroke volume ratio and

volume response curves and/or phase analysis.

4. The total benefit is arrived at by adding T plus P₁ (first code listed e.g., J801) or by adding T plus P₂ (second code listed e.g., J601).

5. If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (T and P₁ or P₂) is to be reduced by 50%.

6. Repeat Studies on the same day may be claimed only after exercise or drug intervention. 7. The phrase "nuclear medicine specialist" should be interpreted as "nuclear medicine physician" since not all physicians practising nuclear medicine are certified as specialists in

this discipline by the Royal College of Physicians and Surgeons.

8. When tomographic examination (SPECT) is billed, the 30% add on referred to in para. 1 may not be charged.

CLINICAL PROCEDURES ASSOCIATED WITH DIAGNOSTIC NUCLEAR MEDICINE PROCEDURES

Such procedural benefits are intended for the professional service of placing an instrument or introducing diagnostic radiopharmaceuticals. They are not intended to be used for simple subcutaneous, intranuscular or intravenous injection nor for oral administration. Rather than double listing the procedures and benefits in this part of the fee schedule, physicians are directed to the following reference points in the schedule.

- a) Intravenous injection for peripheral venography G376 or G379 on page 59
- b) Intra-articular injections G370 on page 58
 c) Injection into CSF spaces or shunt apparatus Z801 or Z821 on page 145
 d) Arterial puncture G479 on pages 49 & 51
- e) Paracentesis in conjunction with shunt patency study Z590 on page 124

RADIATION ONCOLOGY (THERAPEUTIC RADIOLOGY)

	(1.2012-1.012	
Code Note:	RADIOTHERAPY (Including Therapeutic Isotopes) The listed benefits are for the professional services of a certified therapeutic radiologist, the services of a specialist for the intracavitary or interstitial application of radium or sealed sources and the services of a specialist using non-sealed sources of radioisotopes in a laboratory authorized by the Atomic Energy Control Board of Canada. Other medical services to the patient are not included in these figures. The cost of material is additional, however, where the service is rendered in a public hospital, the cost of material is contained within the hospital's global budget. (1)X301, X302, X304 & X322 may not be claimed from OHIP by the staff of OCTRF Cancer Centres or OCI/PMH. (2)X305, X306, X323, X324, X334 - May only be performed on an inpatient and when done in hospital, this service is a hospital charge and cannot be claimed from OHIP (see Bulletin #4070). When done in an OCTRF Cancer Centre, may be claimed from OHIP by all physicians, including certified therapeutic radiologists.

Column T - The benefit for radiological examination including the production of radiographs, supplying of contrast media, apparatus, premises, technical services, administration and collection costs.

Column P - The benefit for consultation between radiologist and referring physician, fluoroscopy, interpretation of radiographs and fluoroscopic findings and supervision of x-ray services by a radiologist.

Hospital out-patient technical fees will be paid at 90.51% of the technical fee listed in this

Schedule of Benefits. Private offices and hospital out-patient departments will bill Column T plus P.

When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

Radiologists should use Column P as a guideline for negotiating remuneration with hospitals.

Benefits for clinical procedures related to x-ray examinations are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. "Clinical Procedures", in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.

If less than minimum number of views are performed, reduce listed fees by 25%.

If the examinations which are requested by the referring physician yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient, governed by the needs of the patient and the requirements of the referring physician, the radiologist may add further views and charge for them (if listed).

Fee Schedule Interpretations

- 1. When a radiologist is asked to x-ray one extremity only, no additional charge should be made for comparison x-rays initiated by the radiologist.
 - 2. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.

3. A stereo pair is to be counted as two views.

4. No extra claim should be charged for rapid sequence I.V.P.

- 5. No additional claim is warranted for the use of the image intensifier in diagnostic radiology. 6. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where fluoroscopy is generally regarded as an integral part of the examinations e.g. examinations of the G.I.
- tract, urinary tract, special procedures. "Colon-air contrast" may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained
- after fluoroscopically controlled introduction of air and barium. 8. "Oesophagus, stomach and duodenum, double contrast" presupposes the introduction of gas, the use

of antifoam agent and a suitable barium mixture. 9. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examina-

- 10. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.

- 11. Chest studies should not be routinely done and claimed in mammography cases.
 12. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination
 - 13. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.
- 14. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should have the power to determine what examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.
- 15. Conventional films of the spine should not be routinely done and claimed for before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they have ben done at an outside office, then it is a matter for the radiologist and the referring physician to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required examination of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.

16. Pharynx and oesophagus (cine or videotape) - X106 should not be claimed routinely with X108 and

X109 but only when specifically indicated. 17. Lumbar or lumbosacral spine (XO28) does not include the entire sacrum. An examination of the

sacrum may be carried out and claimed for only when specifically indicated. 18, X006 and X007 are not both to be routinely claimed on the same patient but only when specifically

ordered. 19. A maximum of two computed tomography examinations per patient per day may be claimed.

20. Complex head CT Scans are meant to be multi planer (multi directional) head CT Scans - to include one or more of the following areas: pituitary fossa, posterior fossa, internal auditory meati, orbits and related structures, the temporal bone and its contents and the temporamandibular joints. X400, X401 and X188 are not to be billed in addition to those fees for complex head studies.

21. All benefits listed apply to unilateral examinations unless otherwise specified.

22. Claims for X-ray services, when referred by an Osteopath, Chiropodist or Chiropractor to a private X-ray facility are not benefits of OHIP.

23. Claims for X-ray services, when referred by and Osteopath or Chiropractor to a hospital outpatient department are benefits.

CLINICAL PROCEDURES, ASSOCIATED WITH DIAGNOSTIC RADIOLOGICAL EXAMINATIONS

- Note: 1. These procedural fees are intended to cover compensation for the professional service of placing an instrument and introducing contrast media if done (except oral or rectal administration for study of the alimentary tract). Injection of materials to enhance the effect of contrast media is included in the procedure benefits.
 - 2. Radiological charges are additional: see similar entries under DIAGNOSTIC RADIOLOGY.
 - 3. Where similar procedures are done for diagnostic physiological studies of non-radiological nature, e.g. cardiac catheterization or intra-arterial infusion, they are listed separately under Surgery or Diagnostic and Therapeutic Procedures. See Index.

DIAGNOSTIC ULTRASOUND

T and P Columns should be interpreted in the spirit of the first two paragraphs on page 39, but without limiting the performance of these tests to suitably trained physicians of any one specialty. Furthermore, the physician must be physically available to approve, modify or intervene in the examination as required or the examination must be completely recorded by video/computer methods and reviewed in its entirety by the physician. No fee (either professional or technical) may be charged if the physician's only involvement is the interpretation of hard copy (films).

Notes: A-Mode-implies a one-dimensional ultrasonic measurement procedure.

M-Mode-implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.

Scan B-Mode-implies a two-dimensional ultrasonic scanning procedure with a

two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.

The total benefit is arrived at by adding T plus P. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

PULMONARY FUNCTION STUDIES

Column T - The benefit for testing including supplying of equipment, premises and technical services.

Column P - the benefit for professional services including responsibility for quality control and technician training, interpretation of the results of the tests, and consultation between the physician responsible for the tests and the referring physician concerning the results of the test.

Notes: 1. The total benefit is obtained by adding columns T and P together. When coding the total

benefit use suffix A; when coding the technical portion use only suffix B; when coding the

professional portion only use suffix C.

The benefits for J301, J324, J304 and J327 must be performed with a permanent record and represent the best of three recorded test results with or without bronchodilator. 2.

Vital capacity, J301, and flow volume loop, J304, cannot be claimed at the same time. Fach of the following tests designated by an individual code number is considered to be specific and requires individual ordering.

Exercise assessment (J315, E450, E451, J316, J317) requires a physician to be in atten-

Code With a few exceptions specifically indicated below, the listed procedural benefits are for the procedure(s) alone. Consultations or visit benefits when such services are rendered, may be claimed in addition to the procedural benefits.

When a procedure(s) is the sole reason for a visit, add \$4.30 basic fee per visit for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, if the patient visit is to a physician's office or a diagnostic facility controlled directly or indirectly by a physician who has examined (or is about to examine the patient) and referred the natient to such a diagnostic facility, no basic fee should be claimed under these circumstances.

Note: G700 is not payable to a hospital department. Fee Schedule Interpretations

- 1. Urinalysis and other laboratory tests listed on page 64, apply when these services are performed by a physician in his office with or without an associated consultation or visit. The same tests listed in the Laboratory Medicine Section of the Schedule apply to licensed laboratories.
- 2. Some fees for Diagnostic and Therapeutic Procedures have the technical and professional components listed separately. The technical component includes the salaries of support staff, equipment depreciation or lease costs, supplies and costs associated with the preparation of a written report. The professional component includes the clinical supervision of the diagnostic facility, interpretation of the test results and a written report. When only one fee is listed for a service, it represents the professional component only.
- 3. The Preamble applicable to Surgical Procedures also applies, where appropriate, to Diagnostic and Therapeutic Procedures.

ALLERGY

Note: If a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or sume other unrelated condition which would have otherwise required a separate office visit, the physician is entitled to charge the appropriate assessment fee as well as the injection fee. If a patient requires a brief assessment of his allergic condition as well as the allergy injection, the physician should bill the injection and basic fees.

OBSTETRICS

1. Obstetrical care is divided into its components. A prenatal major assessment when performed may be claimed; it shall comprise a full history, an inquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record and advice to the patient. All other prenatal visits shall comprise the necessary history and inquiry, examination, appropriate record, pregnancy related counselling and advice to the patient. Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then monthly visits to 32 weeks, followed by visits every 2nd week to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour - delivery and postpartum care are listed separately.

2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment benefit may be charged by the second physician, followed by prenatal visits. This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour. If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim a consultation in addition to the prenatal visits.

3. Illnesses resulting from or associated with pregnancy or false labour requiring added home or hospital visits, shall be claimed on a per visit basis.

4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine scheduled prenatal visits, the physician may charge the appropriate visit benefit.

5. The listings under the heading Referred Services may be claimed by the consultant physician in addition to the appropriate consultation or visit benefit. They may not be claimed by physicians providing obstetrical care to their own patients.

6. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim consultation benefit for this (these) service(s)

7. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s) and does not qualify for detention benefits.

8. The listings for "Attendance at labour and attendance at delivery" and for "Attendance at delivery" may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.

9. Ordinary immediate care of the newborn is included in the labour-delivery fee and when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. A life threatening emergency situation requiring active resuscitation of the newborn provided by any physician may be claimed under codes 6521, 6522, 6523. When indicated, endotracheal intubation and tracheo-bronchial toilet should be billed under G211, and not at G521, G522, G523.

10. When a physician provides newborn care and also performs a circumcision on the same newborn or

infant, both services may be claimed.

11. When an obstetrician routinely transfers all newborns to another physician, the latter should not claim consultation benefit for these "transferrals". If the baby is well, the physician should charge the newborn care in hospital benefit plus for attendance at maternal delivery if this service is given. If the baby is sick, the physician may claim a general assessment and for attendance at maternal delivery (if this service is given) plus daily visits for as long as his services are required. If an obstetrician normally cares for newborns himself or transfers the care of newborns to a family physician but refers a newborn to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for this service according to the following guidelines:

a) If attendance at maternal delivery is provided, code H267 may be claimed and if a general assessment of the baby is carried out, code C263 may be claimed as well. However, a postnatal consul-

tation of the baby, code C265 may not be claimed in addition to code H267.

b) If a paediatrician has not attended delivery, a postnatal consultation may be claimed (if this service is rendered) even though a prenatal consultation may already have been claimed.

12. When a physician provides prenatal visits, attends labour, assists or administers the anaesthetic at Caesarean section and visits the patient post-operatively, he is entitled to claim for prenatal visits, attendance at labour, assistant's or anaesthetist's benefits for Caesarean section and postoperative supportive care while the patient is in hospital.

13. Physicians may claim for assisted breech delivery (PO20) when the service includes spontaneous

delivery to the unbilicus, with extraction of the shoulders, arms and aftercoming head.

14. The Preamble applicable to Surgical Procedures (pages 75-77) also applies to obstetrics where

appropriate.

15. The premiums applicable to Obstetrics are as follows: When deliveries and other obstetrical procedures done in continuity with the delivery occur after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When time of delivery occurs after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical procedural fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia-hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

- Preamble FOR DEFINITION OF THE ROLE OF THE REFERRING PHYSICIAN, SEE REFERRING PHYSICIAN SERVICES ON PAGE ix.
 - FOR DEFINITION OF THE ROLES OF THE ANAESTHETIST, SEE ANAESTHETIST SERVICES ON PAGES x and xi. The surgical benefit (except for those procedures marked I.O.P., Complete Care and Fractures and Dislocations requiring no reduction) includes hospital visits rendered by the surgeon two days prior to surgery, the operative procedure, the post-operative care usually associated with the procedure(s) rendered by the surgeon while the patient is in hospital, and one office visit for follow up examination if necessary. If the surgeon is required to perform a procedure(s) not usually associated with the original surgical procedure, he may claim for these on a fee for service basis. If special visits to hospital are required at any time post-operatively, the surgeon may claim the special visit premiums even if the basic hospital visit fees are not chargeable (under these circumstances the hospital visits should be claimed on an N/C (no charge) basis.) The surgical benefit as noted above does not include the major pre-operative visit i.e. the consultation or assessment fee chargeable when the decision to operate is made and the operation is scheduled, regardless of the time interval between the major pre-operative visit and surgery. The hospital or day-care admission assessment (consultation, repeat consultation, general or specific assessment or re-assessment) is not a benefit to the surgeon unless it happens to be the major pre-operative visit as defined above. Hospital visits (minor assessments) may be claimed for visits rendered more than two days prior to surgery. Other visits (excluding admission assessments) prior to admission may be claimed for in addition to the surgical fee. For patients remaining in hospital because of complications, hospital visit fees may be claimed in addition to the surgical or procedural fee after six weeks of hospitalization in the case of fractures and dislocations and after two weeks post operatively for other procedures. Because the number of hospital visits is limited to three per week after the fifth week of hospitalization and six per month after the thirteenth week of hospitalization, the starting point for calculating the number of hospital visits is based on the date of admission if the operating surgeon has admitted the patient or the date of referral (first day of service) if the patient has been referred to the operating surgeon while in hospital. The surgical benefit includes the generally accepted surgical components of the procedure. The listed benefit of a procedure normally includes repair of any introgenic complications occurring during the course of the surgery.
 - (2) When a physician makes a special trip to perform a non-elective surgical procedure during the daytime (Monday to Friday), he should claim the appropriate special visit, a consultation if the case is referred or the appropriate assessment if the case is not referred plus the procedural benefit(s). If the non-elective procedure is carried out at night (after 5:00 p.m. and before 7:00 a.m.), or Saturdays, Sundays and Holidays, the physician may claim the special visit applicable to the consultation or assessment, and the surgical premium (E409 or E410 see paragraph 47 of the Preamble).
 - (3) When more than one procedure is carried out by a surgeon under the same anaesthesia or within 14 days during the same hospitalization for the same condition, the full benefit applies to the major procedure and 85% of the listed benefit(s) applies to the other procedure(s) performed unless otherwise stated in the Preamble(s) or Schedule. The above statement applies to staged or bilateral procedures but does not apply when a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made.
 - (4) When a subsequent operation becomes necessary for the same condition because of a complication or for a new condition, the full benefit should apply for each procedure.
 - (5) When a subsequent non-elective procedure is done for a new condition by the same surgeon, the full benefit will apply to each procedure. When a subsequent elective procedure is done for a different condition within 14 days during the same hospitalization by the same surgeon, the benefit for the lesser procedure shall be reduced by 15%.
 - (6) When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistants' benefit should not be charged by either operating surgeon; however time units may be claimed.
 - (7) As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should charge for the surgical procedures and the other surgeon should claim the assistant's benefit.
 - (8) Where two surgeons are working together in surgery in which neither a team fee or other method of billing is set out in the benefit schedule, the surgeon should identify himself as the operating surgeon and claim accordingly; the surgeon who is assisting him should identify himself as such and claim the assistant's benefit. Where the second or assistant surgeon is brought into the case on a consultation basis, he may, when indicated, claim a consultation as well but should be prepared to justify it on an I.C. basis. If the nature or complexity of a procedure requires more than one operating surgeon each providing a separate service in

his own specialized field e.g. one surgeon carries out the ablative part and another surgeon the reconstructive part of the procedure, then each surgeon should claim the listed benefit for his services. This statement applies when the additional procedure(s) are not the usual components of the main procedure. If one surgeon in addition to performing a specialized portion of a procedure, acts as an assistant during the remainder of the procedure, he may also claim time units for assisting.

- (9) Unless otherwise stated, the listed benefits are for unilateral procedures only.
- (10) When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the benefit schedule.
- (11) When a surgical benefit (non I.O.P., Complete Care, Fracture or Dislocation) is less than the consultation benefit and the case is referred, the physician may claim the consultation benefit instead of the surgical benefit. However, to avoid the consultation being counted as such under the OHIP limitation rules on the number of consultations allowed per year, the physician should claim the consultation fee under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.
- (12) If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician should claim for the procedure as well as the appropriate assessment.
- (13) Where a procedure is specified as "Independent Operative Procedure (I.O.P.)", the procedural benefit should be claimed in full along with the appropriate consultation or visit when both services are actually rendered. However, when an I.O.P. procedure is done in conjunction with a non-I.O.P. procedure, there should be no claim for the consultation, pre- and post-operative care related to the I.O.P. procedure. The listed I.O.P. benefit should be claimed in these circumstances along with the non-I.O.P. benefits plus the related major pre-operative visit (see paragraph (1) of Surgical Preamble). When multiple or bilateral I.O.P. procedures are performed at the same time by the same physician, the listed procedural benefits should be claimed as if only one procedure had been performed. When a patient is examined in a physician's office and this leads to an elective Independent Operative Procedure (I.O.P.) being performed for the same problem or diagnosis by the same physician in the Emergency of outpatient Department on a non-admission basis, the physician should claim a consultation or visit for the examination in the office and the fee for the I.O.P. carried out in the Emergency Outpatient Department. An additional assessment benefit at the time of the elective I.O.P. should only be claimed when an additional assessment is performed.
- (14) When procedures are specifically listed under Surgical Procedures, surgeons should use these listings rather than applying one of the plastic surgery listed fees under Operations on Skin and Subcutaneous Tissue.
- (15) For excision of tumours not specifically listed in this Schedule, claims should be made on an I.C. basis (code R993). Independent consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the Schedule (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of scope and difficulty (see Preamble, Part B, paragraph 32).
- (16) Cosmetic or Aesthetic Surgery: means a service to enhance appearance without being medically necessary such as (a) surgery for correction of facial wrinkles; (b) surgery for eyelid wrinkles (symmetrical and without a functional problem); (c) rhinoplasty for appearances only; and (d) augmentation mammoplasty for symmetrical deficiency without physiological abnormality. These services are not benefits of OHIP. (See Preamble, Appendix D).
- (17) Reconstructive Surgery: is surgery to improve appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional, psychological or psychiatric grounds normally are not considered sufficient additional reason for OHIP coverage of such surgery. Appendix D of the Preamble to this Schedule describes the conditions under which surgery for alteration of appearance, only, may be a benefit of the Plan.
 - Physicians should submit requests to their District OHIP office for authorization of any proposed surgery which may fall outside of OHIP coverage. (See Appendix D).
- (18) Procedural benefits (non I.O.P.) include the removal of sutures when both services are rendered by the same physician unless the removal of sutures is done on the second or subsequent office visit for follow up examination. When a physician is entitled to claim for removal of sutures i.e. as outlined in the previous sentence or is a physician other than the operating surgeon or following an I.O.P. procedure, an office visit may be claimed.

- (19) Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity should be given independent consideration.
- (20) When a listed procedure is performed and no anaesthetic is required, the procedure should be claimed under the "local anaesthetic" listing.
- (21) When a physician administers an anaesthetic and/or other medication prior to, during a procedure(s) or immediately after a procedure(s) which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioguinal, iliohypogastric, ulnar, median or radial block in addition to performing a procedure, he may claim \$13.10 (6224) in addition to the procedure.
- (22) If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.

	Plastic Surgery Procedures: The setting of benefits covering the various procedures of plastic surgery is a very difficult problem. Since many procedures are divided into stages which have to be considered in assessing a fee, it is felt that all such plastic surgical procedures should be classed by the responsible specialist as very minor, major, intermediate, major, or extensive major. Benefits should be claimed according to procedures set forth in the tariff, except in cases which are difficult to define, in which case "I.C." should be the basis of the claim. The minimum benefit for each would be as follows:			
R150 R151 R152 R153 R154 Notes:	Very Minor Minor Intermediate Major Extensive Major (1)Descriptive details of procedure (e.g.: operative report) should be submitted with claims for codes RI50-RI54 for professional assessment. OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

Preamble:

 Corrective splints must be "corrective" to qualify for a benefit as such. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or metal finger splint following soft tissue injury.

(2) The removal of a wire or pin or other device when used for traction or external fixation (except for rigid external fixators) in the treatment of a fracture or other orthopaedic procedure is to be included in the procedural fee unless a general anaesthetic is required in which case a fee may be claimed. Removal of devices used for internal fixation more than 30 days after insertion may be charged for in addition to the procedural benefit.

(3) The benefit for total hip replacement also includes denervation of the hip joint and adductor tenotomy.

(4) The benefit for obtaining a bone graft is not to be claimed in cases of pseudarthrosis repair, fusions or for listings in which bone grafting is included.

(5) For the supervision of limb fitting and 6 months post-operative care following amputation, claim visit fees. Amputation with immediate fitting to include supervision of final limb fitting - add 40% (E586).

(6) Arthroscopic surgery shall constitute an arthrotomy for the purposes of this schedule and procedures shall command the same benefits.

Fractures and Dislocations:

(a) For fractures or dislocations requiring open or closed reduction or no reduction, the major pre-operative visit i.e. consultation or appropriate assessment may be claimed in addition to the listed benefits.

(5) OPEN REDUCTION shall mean the treatment of a fracture and/or dislocation by either closed intramedullary fixation or by an operative procedure to expose the fracture. The benefits include fixation by internal or external devices.

(c) CLOSED REDUCTION shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).

(d) NO REDUCTION shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support.

(e) The stated benefit covers full or after treatment up to 6 weeks except if additional reductions are necessary or if patient is transferred to another surgeon or if the patient is paraplegic.

(f) In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the benefit for the other fractures or dislocations 85%. When no procedural benefit is applicable, but when that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit benefit may be claimed in addition to other procedural benefits.

(g) For repeat reductions (closed or open) for the same fracture or dislocation, the full benefit should be claimed for the final reduction and after care - previous reductions by the same surgeon should be claimed at 85%.

(h) Emergency splinting of fractures in the emergency department should be on the basis of appropriate visit benefit, plus application of cast if appropriate.

(i) Transferred cases -

When patients are transferred to a chronic or convalescent facility, additional visit benefits
on a chronic care basis shall be allowed to other than the operating surgeon (and also to the
surgeon after 6 weeks).

(2) When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should claim 75% of the listed fee and the surgeon rendering subsequent care visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.

(3) In cases where the original physician attempts to reduce a fracture or dislocation under general anaesthesia, is unsuccessful and refers the patient to another physician for definitive care, the original physician should claim 75% of the listed fee.

(j) Paraplegia associated with fractures and dislocations may be claimed by charging visit fees after the first 2 weeks of post-operative care in addition to the appropriate procedural fees.

(k) Pseudarthrosis may be allowed as the appropriate benefit after the fracture is 4 months old.
(1) For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation, the consultation should be claimed under the fracture/dislocation code number.

OPERATIONS ON THE FEMALE GENITAL SYSTEM Preamble:
(1)In composite operations such as anterior and posterior repair and D&C or anterior and posterior repair and cauterization of cervix and biopsy, the fee shall be that of the major procedure(s).
(2) No fee may be claimed for a D%C if (a) it is carried out prior to hysterectury or ectopic pregnancy, or (b) it is carried out routinely prior to tubal occlusion.
(3) A D&C may be claimed at 85% when pregnancy termination (\$752,\$756,\$785) is carried out with tubal occlusion/interruption (\$741), or (b) if carried out for abnormal uterine bleeding (\$754) - if the D&C would have been indicated independent of the tubal occlusion procedure.
(4)When operative procedures are carried out for infertility, the fee shall be that of the major procedure. When additional procedure(s) are required e.g. uterine suspension, oophorocystectomy or myomectomy, E858 at \$41.00 may be claimed as well.

#### ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 762/86.

Exemption—Township of South-West Oxford and the Town of Ingersoll-ING-1. Made-December 18th, 1986. Approved—December 18th, 1986. Filed-December 30th, 1986.

#### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—TOWNSHIP OF SOUTH-WEST OXFORD AND THE TOWN OF INGERSOLL-ING-1

Having received a request from the Corporations of the Township of South-West Oxford and the Town of Ingersoll that an undertaking, namely:

the activity of relocating and constructing Clark Road between Wallace Road and Ingersoll Street to facilitate the development of industrial land as the site for a new car assembly plant located in the Township of South-West Oxford and in the Town of Ingersoll, in the County of Oxford, including all necessary drainage works,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by South-West Oxford and Ingersoll that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. South-West Oxford and Ingersoll will be interfered with if delayed in relocating the road which is required for the car assembly
- B. The public will be damaged by any delay in the development of the plant, which will provide economic stimulus to the Region and Province of Ontario.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. It is in the public interest that the undertaking proceed since the establishment of the assembly plant will provide manufacturing and employment opportunities for the people of Ontario.
- B. The establishment of the car assembly plant will stimulate the growth and expansion of service industries, providing further manufacturing and employment opportunities for the people of this Province.

This exemption is subject to the following terms and

- 1. The proponents shall keep local residents informed of their intent with respect to the provision of services to the car assembly plant, and where and when they consider it necessary, establish information centres for this purpose.
- 2. This exemption shall not apply to any works for which construction has not commenced by April 30, 1990.
- 3. The proponents shall notify the Director of the Environmental Assessment Branch in writing within 30 days after construction is completed of the date on which construction was completed. O. Reg. 762/86.

- (6a) For the purposes of sections 103 and 104 and clause 101 (1) (g), where a corporation was a member of a partnership at the end of a fiscal period of the partnership, the corporation shall be deemed to receive or to become entitled to receive any amount of assistance or benefit, whether such amount is by way of a grant, subsidy, rebate, forgiveable loan, deduction from royalty or tax, rebate or royalty or tax, investment allowance or any other form of assistance or benefit, that the partnership at any time receives or becomes entitled to receive in respect of expenses incurred in the fiscal period of the partnership, to the extent of,
  - (a) where the partnership in the fiscal period receives or becomes entitled to receive the amount, the corporation's share thereof; or
  - (b) where the partnership after the fiscal period becomes entitled to receive the amount, what would have been the corporation's share thereof if the partnership had in the fiscal period received or become entitled to receive the amount,

and the time at which the corporation is deemed to receive or become entitled to receive such share of the amount shall be the time that the partnership receives or becomes entitled to receive the amount. O. Reg. 763/86, s. 1 (16).

## (17) Subsection 101 (7) of the said Regulation is revoked and the following substituted therefor:

- (7) For the purposes of this Part, where an expense incurred after the end of the corporation's last taxation year ending before the 20th day of April, 1977, that was,
  - (a) a Canadian exploration and development expense, other than the cost of a Canadian resource property acquired by a joint exploration corporation;
  - (b) a Canadian exploration expense; or
  - (c) a Canadian development expense, other than an amount referred to in subparagraph 66.2(5) (a) (iii) of the *Income Tax Act* (Canada),

has been renounced before 1982 in favour of the corporation and was deemed to be an expense of the corporation for the purposes of subsection 18 (6) or (6a) of the Act, that expense, if it is not an amount referred to in paragraph 21 (2) (b) or subsection 21 (4) of the *Income Tax Act* (Canada), shall be deemed to have been a Canadian exploration and development expense, a Canadian exploration expense or a Canadian development expense, as the case may be, incurred by the corporation.

- (7a) Where an expense incurred after the end of a corporation's last taxation year ending before the 20th day of April, 1977 that was,
  - (a) a Canadian exploration and development expense, other than the cost of a Canadian resource property acquired by a joint exploration corporation;
  - (b) a Canadian exploration expense; or
  - (c) a Canadian development expense, other than an amount referred to in subparagraph 66.2 (5) (a) (iii) of the *Income Tax Act* (Canada),

has been renounced after 1981 in favour of the corporation and was deemed to be an expense of the corporation for the purposes of subsection 18 (6) or (6a) of the Act, the expense, if it is not an amount in respect of financing, shall be deemed,

(d) to have been such an expense, for the purpose of clause (1) (g), incurred by the corporation at the time the expense was incurred by the joint exploration corporation; and

- (e) to have been such an expense, for the purposes of clauses (1) (n) and (o) and section 109, incurred by the corporation at the time it was deemed to have been incurred for the purposes of subsection 18 (6) or (6a) of the Act.
- (7b) An expense that is a Canadian exploration and development overhead expense of a joint exploration corporation that may reasonably be considered to be included in a Canadian exploration expense or Canadian development expense deemed by subsection (7a) to be an expense of a shareholder corporation of the joint exploration corporation, shall be deemed,
  - (a) to be a Canadian exploration and development overhead expense of the shareholder corporation, incurred at the time the Canadian exploration expense or Canadian development expense is deemed by subsection (7a) to have been incurred by the shareholder corporation; and
  - (b) at and after that time, not to be a Canadian exploration and development overhead expense incurred by the joint exploration corporation.
- (7c) For the purposes of subsection (7b), a Canadian exploration and development overhead expense of a joint exploration corporation shall include any expense that would be a Canadian exploration and development overhead expense of the joint exploration corporation if the references to "connected with the taxpayer" in paragraph (d) of the definition of "Canadian exploration and development overhead expense" in subsection 1206 (1) of the regulations made under the *Income Tax Act* (Canada), as made applicable by clause (1) (c), were read as "connected with the shareholder corporation in favour of whom the expense was renounced by the joint exploration corporation for the purposes of subsection 18 (6a) of the Act". O. Reg. 763/86, s. 1 (17).

## 2.—(1) Subsection 104 (1) of the said Regulation is revoked and the following substituted therefor:

(1) For the purposes of computing the earned depletion base of a corporation, where, after the 19th day of April, 1977 and before the 13th day of November, 1981, control of the corporation is considered to have been acquired for the purposes of subsection 66 (11) of the Income Tax Act (Canada) by a person or persons who did not control the corporation at the time when it last ceased to carry on active business, the amount by which the earned depletion base of the corporation at that time exceeds the aggregate of amounts otherwise deducted under section 103 in computing its income for taxation years ending after that time and before control was so acquired, shall be deemed to have been deducted under section 103 by the corporation in computing its income for taxation years ending before such acquisition of control. O. Reg. 763/86, s. 2 (1).

- (2) Subsection 104 (2) of the said Regulation, as remade by section 3 of Ontario Regulation 254/82, is revoked and the following substituted therefor:
- (2) The rules set out in subsections 1202 (2), (3), (4), (5) and (6) of the regulations made under the *Income Tax Act* (Canada) apply for the purposes of this section in so far as they apply to income from the production of oil or gas from an oil or gas well or a petroleum deposit except that, in the application of paragraph 1202 (4) (b) of those regulations for the purposes of this section, the reference therein to Part I of the *Income Tax Act* (Canada) shall be deemed to be a reference to Part II of the Act. O. Reg. 763/86, s. 2 (2).
  - 3.—(1) Subsection 109 (1) of the said Regulation, as remade by section 5 of Ontario Regulation 254/82, is revoked and the following substituted therefor:
- (1) Subject to subsection (1a), for the purposes of clause 12 (7) (d) of the Act, there may be deducted in computing the income of a corporation for a taxation year an amount equal to 25 per cent of the amount, if any, by which,
  - (a) its resource profits from oil or gas operations for the year, within the meaning of clause 101 (1) (n) if that clause were read without reference to subclause (i) thereof, computed as if no amounts were deducted in computing those resource profits,
    - (i) in respect of a rental or royalty paid or payable by the corporation (other than an incremental resource royalty, within the meaning assigned by the Petroleum and Gas Revenue Tax Act (Canada), an amount prescribed in section 1211 of the regulations made under the Income Tax Act (Canada) or an amount that is a production royalty) computed by reference to the amount or value of petroleum, natural gas or related hydrocarbons produced after the 31st day of December, 1981 from a property that is an oil or gas well in Canada,
    - (ii) in respect of financing, or
    - (iii) under clause 12 (7) (d) of the Act or subclause 101 (1) (n) (v),

exceeds the aggregate of,

(b) the aggregate of all amounts each of which is a Canadian exploration and development overhead expense made or incurred by the corporation in the year, other than an amount included therein,

- (i) that is in respect of financing, or
- (ii) in respect of which a person has received, is entitled to receive or at any time becomes entitled to receive,
  - (A) an incentive under the *Pet-roleum Incentives Program Act* (Canada), or
  - (B) a payment from the Alberta Petroleum Incentives Program Fund under the Petroleum Incentives Program Act (Alberta); and
- (c) the aggregate of all amounts each of which is an amount included in its resource profits from oil or gas operations for the year that was a rental or royalty, other than a production royalty, computed by reference to the amount or value of petroleum, natural gas or related hydrocarbons produced after the 31st day of December, 1981 from an oil or gas well in Canada.
- (1a) In respect of taxation years ending after 1983, the amount deductible under subsection (1) is reduced by the amount, if any, by which,
  - (a) the aggregate of all amounts determined under subclauses 101 (1) (g) (iv) to (x),

exceeds.

(b) 33½ per cent of the aggregate of all amounts determined under subclauses 101 (1) (g) (i) to (iiiu),

in computing the corporation's earned depletion base at the end of the year. O. Reg. 763/86, s. 3 (1).

- (2) Section 109 of the said Regulation, as amended by section 5 of Ontario Regulation 254/82, is further amended by adding thereto the following subsections:
- (3) In this section, "production royalty" means an amount included in computing the income of a corporation as a rental or royalty computed by reference to the amount or value of petroleum, natural gas or related hydrocarbons produced after 1981 from an oil or gas well in Canada, if,
  - (a) the corporation has a Crown royalty in respect of,
    - (i) such production, or
    - (ii) the ownership of property to which such production relates where the Crown royalty is computed by reference to an amount of production from the property; or

- (b) the corporation would, but for an exemption or allowance (other than a rate of nil) that is provided by statute by a person referred to in subparagraph 18 (1) (m) (i), (ii) or (iii) of the *Income Tax Act* (Canada), as made applicable by section 12 of the Act, have a Crown royalty determined under clause (a).
- (4) For the purposes of the definition of "production royalty" in subsection (3), a "Crown royalty" of a corporation in respect of the production of petroleum, natural gas or related hydrocarbons from an oil or gas well in Canada or in respect of the ownership of a natural reservoir of gas or petroleum in Canada means an amount,
  - (a) that would be included in computing its income for a taxation year by virtue of paragraph 12 (1) (o) of the Income Tax Act (Canada), as made applicable by section 12 of the Act, in respect of such production or ownership if that paragraph were read without reference to the words "or a prescribed amount";
  - (b) that would not be deductible in computing its income for a taxation year by virtue of paragraph 18 (1) (m) of the *Income Tax Act* (Canada), as made applicable by section 12 of the Act, in respect of such production or ownership if that paragraph were read without reference to the words "other than a prescribed amount";
  - (c) by which its proceeds of disposition of such production are increased by virtue of subsection 69 (6) of the *Income Tax Act* (Canada), as made applicable by section 20 of the Act; or
  - (d) by which its cost of acquisition of such production is reduced by virtue of subsection 69 (7) of the *Income Tax Act* (Canada), as made applicable by section 20 of the Act,

less, in respect of an amount described in clause (a) or (b), the amount of any reimbursement referred to in section 80.2 of the *Income Tax Act* (Canada) received or receivable by it in respect thereof. O. Reg. 763/86, s. 3 (2).

- 4.—(1) Subsections 201 (1a), (1b), (1c) and (1d) of the said Regulation, as made by section 1 of Ontario Regulation 756/83, are revoked and the following substituted therefor:
- (1a) In the application of section 1100 of the regulations made under the *Income Tax Act* (Canada) for the purposes of this section,
  - (a) references to "November 12, 1981" in paragraphs 1100 (1) (b), (t), (ta) and (v) and in subsections 1100 (2.1) and (2.2) shall be read as "the 24th day of October, 1985";

- (b) references to "November 13, 1981" in paragraph 1100 (1) (ta) and subsection 1100 (2.1) shall be read as "the 25th day of October, 1985";
- (c) the reference to "1983" in subsection 1100 (2.1) shall be read as "1987"; and
- (d) references to "June 1, 1982" in subsection 1100 (2.1) shall be read as "the 1st day of June, 1986". O. Reg. 763/86, s. 4 (1), part.
- (2) Clause 201 (4) (a) of the said Regulation is revoked and the following substituted therefor:
  - (a) included property acquired before the 1st day of January, 1974 in class 28 of Schedule II to the regulations made under that Act, such property shall be deemed to be property included in that class as of the 1st day of January, 1974 for the purposes of the Act, and the provisions of subsection 13 (5) of the Income Tax Act (Canada) shall apply for the purposes of the Act and this section;
- (3) Subsection 201 (5) of the said Regulation is revoked and the following substituted therefor:
- (5) In lieu of the additional allowances otherwise allowed under paragraphs  $1100 \ (1) \ (w)$  and (x) of the regulations made under the  $Income\ Tax\ Act$  (Canada), a corporation may claim a deduction in computing its income for a taxation year equal to,
  - (a) such additional amount as it may claim in respect of property described in class 28 of Schedule II to those regulations acquired for the purpose of gaining or producing income from a mine, or in respect of property acquired for the purpose of gaining or producing income from a mine and for which a separate class is or would be prescribed by subsection 1101 (4a) of those regulations, if subsection 1104 (5) of those regulations were read in the manner provided under subsection (5a), not exceeding the lesser of,
    - (i) its income for the year from the mine determined before making any deduction under this clause, clause (b) or section 17, 18 or 18a of the Act or any deduction in respect of exploration and development expenses as permitted under *The Corporations Tax Application Rules*, 1972, and
    - (ii) the undepreciated capital cost to it of the property of that class as of the end of the taxation year, before making any deduction under this clause for the taxation year; and

- (b) such additional amount as it may claim in respect of property described in class 28 of Schedule II to the regulations made under the *Income Tax Act* (Canada) acquired for the purpose of gaining or producing income from more than one mine and for which a separate class is or would be prescribed by subsection 1101 (4b) of those regulations, if subsection 1104 (5) of those regulations were read in the manner provided under subsection (5a), not exceeding the lesser of,
  - (i) its income for the year from the mines determined before making any deduction under this clause or section 17, 18 or 18a of the Act or any deduction in respect of exploration and development expenses as permitted under *The Corporations Tax Application Rules*, 1972, and
  - (ii) the undepreciated capital cost to it of the property of that class as of the end of the taxation year, before making any deduction under this clause for the taxation year.
- (5a) In the application of section 1104 of the regulations made under the *Income Tax Act* (Canada) for the purposes of,
  - (a) determining if property was acquired for the purpose of gaining or producing income from a mine;
  - (b) determining if a separate class would be prescribed under subsection 1101 (4a) or (4b) of those regulations for the purposes of subsection (5); and
  - (c) determining any deduction permitted under this section,

the following rules apply:

- 1. Subparagraph 1104 (5) (a) (i) shall be read as follows:
  - (i) ore, other than tar sands ore, from a mineral resource owned by the taxpayer to any stage that is not beyond the prime metal stage or its equivalent,
- 2. Subparagraph 1104 (5) (c) (i) shall be read as follows:
  - (i) output, other than tar sands ore, from a mineral resource owned by the taxpayer that has been processed by it to any stage that is not beyond the prime metal stage or its equivalent,
- 3. Subparagraph 1104 (6) (a) (i) shall be read as follows:

- (i) ore, other than tar sands ore, from a mineral resource not owned by the taxpayer to any stage that is not beyond the prime metal stage or its equivalent,
- 4. Subparagraph 1104 (9) (f) (i) shall be read as follows:
  - (i) ore, other than tar sands ore, from a mineral resource to any stage that is not beyond the prime metal stage or its equivalent,
- 5. Subparagraphs 1104 (5) (*a*) (ii), (5) (*c*) (ii), (6) (*a*) (ii) and (9) (*f*) (ii) shall be deemed not to have been made. O. Reg. 763/86, s. 4 (3).
- (4) Subsection 201 (7) of the said Regulation is revoked and the following substituted therefor:
- (7) In addition to the deduction otherwise allowed by subsection (1), there is hereby allowed to a corporation in computing its income from a business or property, as the case may be, a deduction for each taxation year in respect of property included in class 3, 6 or 8 of Schedule II to the regulations made under the *Income Tax Act* (Canada),
  - (a) that is,
    - (i) a grain elevator situated in Ontario the principal use of which,
      - (A) is the receiving of grain directly from producers for storage or forwarding or both,
      - (B) is the receiving and storing of grain for direct manufacture or processing into other products, or
      - (C) has been certified by the Minister of Agriculture (Canada) to be the receiving of grain that has not been officially inspected or weighed,
    - (ii) an addition to a grain elevator described in subclause (i),
    - (iii) fixed machinery installed in a grain elevator or in an addition to a grain elevator in respect of which an additional amount has been or may be claimed under this subsection,
    - (iv) fixed machinery, designed for the purpose of drying grain, installed in a grain elevator described in subclause (i),

- (v) machinery designed for the purpose of drying grain on a farm in Ontario, or
- (vi) a building or other structure designed for the purpose of storing grain on a farm in Ontario;
- (b) that was acquired by the corporation after 1976; and
- (c) that was not used for any purpose before it was acquired by the corporation,

an amount not exceeding the lesser of,

- (d) where the property is included in class 3, 22 per cent of the capital cost thereof, where the property is included in class 6, 20 per cent of the capital cost thereof, or where the property is included in class 8,
  - (i) 14 per cent of the capital cost thereof in the case of property referred to in subclause (a) (iii), (iv) or (vi), and
  - (ii) 14 per cent of the lesser of \$15,000 and the capital cost thereof in the case of property described in subclause (a) (v); and
- (e) the undepreciated capital cost to it as of the end of the taxation year, before making any deduction under this subsection for the taxation year, of property of the class.
- (8) Where a taxation year is less than twelve months, the amount allowed as a deduction under subsections (5), (6) and (7) shall not exceed that proportion of the maximum amount otherwise allowable that the number of days in the taxation year is of 365. O. Reg. 763/86, s. 4 (4).
  - 5.—(1) Subsection 302 (3) of the said Regulation, as remade by section 8 of Ontario Regulation 254/82, is amended by adding "Subject to subsection (4a)" at the commencement thereof.
  - (2) Subsection 302 (4) of the said Regulation, as amended by section 2 of Ontario Regulation 756/83, is further amended by inserting after "section 320" in the first and second lines "and subject to subsection (4a)".

Ministry Corporations of Tax Revenue Branch

Form 3

Corporations Tax Act

#### WAIVER OF TIME LIMIT FOR ISSUING REASSESSMENTS

For use by corporations to waive the time limit within which the Minister may assess, reassess, or make additional assessments under the <u>Corporations Tax Act</u>.

Two completed copies of this waiver are to be sent by REGISTERED MAIL addressed to the Minister of Revenue, Ministry of Revenue, Corporations Tax Branch, P.O. Box 622, 33 King Street West, Oshawa, Ontario L1H 8H6, within the time limit specified in clause 73(7) (c).

In order for a waiver to be valid the income tax and/or capital tax matter(s) in respect of which the time limit is waived must be specified in the space provided. The waiver will automatically apply to any matter(s) that are consequential to any specified matter(s).

This is a permanent waiver with respect to the herein specified matter(s).

A waiver which stipulates a time limit will not be accepted.

This waiver may be revoked under clause 73(7a) (a) of the <u>Corporations Tax Act</u>, by filing a "Notice of Revocation of Waiver" (Form 4).

This waiver must be signed by a signing officer with the authority to bind the corporation.

#### NOTICE OF REVOCATION OF WAIVER

For use by corporations to revoke, under clause 73(7a)(a) of the Corporations Tax Act, a waiver (Form 3) previously filed, in respect of the time limit for issuing reassessments.

A separate Notice of Revocation must be completed for each waiver to be revoked.

Two completed copies of this notice, along with a copy of the waiver previously filed, are to be sent by REGISTERED MAIL addressed to the Minister of Revenue, Ministry of Revenue, Corporations Tax Branch, P.O. Box 622, 33 King Street West, Oshawa, Ontario L1H 8H6.

The waiver will be revoked automatically on the day that is one year after the date the Notice of Revocation is filed with the Minister of Revenue.

A copy of the notice will be returned to the corporation with the date filed with the Minister of Revenue indicated thereon.

A "Notice of Revocation of Waiver" cannot be rescinded or cancelled once it has been filed with the Minister of Revenue.

This Notice of Revocation must be signed by a signing officer with the authority to bind the corporation.

A corporation may revoke, under clause 73(7a)(b) of the Corporations Tax Act, the "automatic waiver" for Ontario purposes resulting from the filing of a federal waiver under subsection 152(4) of the Income Tax Act (Canada). To do this the corporation must file with the Minister of Revenue a copy of the federal Notice of Revocation of Waiver filed under subsection 152(4.1) of the Income Tax Act (Canada). Such "automatic waiver" will be revoked on the day that is one year after the date the copy of the federal Notice of Revocation of Waiver (Federal Form T652) is filed with the Minister of Revenue.

#### Additional Information

Note: Residential tenants who do not pay municipal property taxes directly will not receive individual tax bills.

(1) Effective From:

The information on this Notice will be used to calculate and direct property taxes from the date shown. You will receive a Notice only when there has been a change to the information contained in the assessment records or this assessment is under appeal at year end.

(2) School Support Designation:

A portion of your property taxes supports either the "public" or "separate" school system. The occupant of property is responsible for determining the direction of school taxes; however, only Roman Catholic ratepayers including Catholics of the Greek or Ukrainian Rite in union with the See of Rome, may choose to support separate schools. All others must support public schools. All requests to change School Support must be in writing to the Regional Assessment Office, at the address shown on the front of this Notice.

(3) Property Class

Each property is assigned to one or more of the following property classes for assessment purposes:

- Residential (1-6 units)
- Commercial
- Multi-Residential (7 or more units)
- Industrial

This classification is based on factors such as design, use, ownership and zoning.

(4) Estimated Market Value:

In reassessed municipalities an estimate of the most likely selling price in a specified year is determined for each property. Under the Section 63 Reassessment Program, the Estimated Market Value is then multiplied by the Property Class % to determine the Assessed

(5) Property Class %:

One Property Class % is established for each of the classes of property (see (3) above) in a municipality which has been reassessed under the Section 63 Reassessment Program. This percentage, when multiplied by the Estimated Market Value ( 4), provides the Assessed Value for taxation purposes.

(6) Mill Rate To Be Used:

All property is taxed at either the "residential" or "commercial" mill rate. These rates are established annually by your municipality to fund municipal, county or region and school board needs. The mill rate is the effective tax rate set by your municipality to levy a specified amount of tax for each \$1,000 of assessment

(7) Business Assessment:

Where a property or a portion of a property is occupied for business purposes, a Business Assessment is calculated by multiplying the Assessed Value by the appropriate business percentage. Business percentages are determined by the type of business carried on, in accordance with section 7 of the Assessment Act. The Business Assessment is taxed at the "commercial" mill rate. (Note: The minimum Business Assessment is \$100.)

This Natice of Property Valuation shows the Assessed Value of the property which you own or occupy. This assessment is the value on which property taxes (municipal and education) will be levied based on mill rates calculated by your municipality. Mill rates are established to raise the funds to meet municipal, county or region and school board needs.

The relationship between assessment and tax is: Assessed Value X Mill Rate = Taxes

Additional information about the numbered items can be found on the reverse side Name and Address of Person(s) Assessed / Nom et adresse des personnes qui font l'objet de l'évaluation Le présent avis d'estimation de propriétés indique l'évaluation foncière de la propriété que vous occupez ou dont vous éles propriétaire.
